OLD BUSINESS

ADM 18-07 (Harold Winston, IL; Robert Messenger, MA)
Pursuant to Article III, Section 10 of the Bylaws, the Delegates have reviewed the promotional memberships offered by the Executive Board in 2017 and authorize their continuation.

ADM 18-08 (Harold Winston, IL; Robert Messenger, MA)
The Delegates have reviewed the financial information about expenditures and the status of funds in the Players Health and Benefits Fund and approve the report on those items, a report required by DM 11-51.

ADM 18-09 (DM 17-47/ADM 17-22) (DM 16-61/ADM 16-59)
(Steve Immitt, NY; Sophia Rohde, NY)
RESOLVED: Organizers which have their events rated by the USCF as well as by another rating service are required to disclose to the players all other such rating services.
RATIONALE: A player in a USCF-rated event has the right to know if the event is going to be rated by any additional rating services providers.

In a recent USCF National Scholastic, one of the players had played in a USCF-rated tournament which, unbeknownst to the player, was also rated by Chess Express as well. The player wound up with a higher Chess Express rating, which was used in the USCF National Scholastic, due to the requirement to use the player’s highest rating.

Regardless of the basis for the use of the alternate ratings in any specific case such as this, in the interests of full disclosure, USCF
members are entitled to know if a USCF event in which they participate is to be forwarded by the organizer to any additional rating services.

**REferred to Rules in 2016**

**Referred to Executive Board in 2017**

**ADM 18-10** (DM 17-38/ADM 17-31) (Steve Immitt, NY; Sophia Rohde, NY; Dan Rohde, NY)

Be It Resolved:

The USCF Code of Ethics shall be modified as follows.

**Procedures**

7. Any US Chess member may initiate procedures under this code of ethics by filing a complaint in a timely manner with the US Chess Ethics Committee.

The following language shall be inserted here:

All complaints of unethical or improper behavior alleged to have been perpetrated by members under the age of thirteen shall first be reviewed by an ombudsman or ombudsmen, to be determined by the Ethics Committee.

The ombudsman shall, after considering the age and circumstances of the subject of the complaint, forward the complaint to the Ethics Committee or to another committee, or to respond directly to the complaint.

The complainant may appeal the ombudsman’s decision to the Ethics Committee.

The remainder of the paragraph remains unchanged, as follows:

A good-faith deposit must be submitted by the complainant. The amount of the deposit shall be set by the US Chess Executive Director, who shall review it from time to time in consultation with the Ethics Committee. The deposit shall be returned unless the Committee rules that the case is frivolous. The Committee may determine whether to return the deposit even before it determines jurisdictional and merit questions. The Committee may also, by a two-thirds vote, accept complaints submitted without the deposit.

**Rationale:** The sponsors believe that this refinement of the US Chess Ethics Code has a number of benefits:

1. To protect elementary children from formal inquiries from the Ethics Committee regarding issues which are not appropriate for its review, such as complaints directed against elementary students making illegal moves in a scholastic tournament.

2. To prevent children from being turned into defendants who are required to prove their innocence against harmful aspersions made against their character.

3. To reduce the likelihood of US Chess having to explain these tribunals to their parents and attorneys.

We strongly feel that such matters should first be investigated by the Scholastic Council, which has special expertise in dealing with scholastic players and the unique problems and circumstances which youngsters face in competitive chess environments. The Council should determine the level of complexity of the complaint, and whether it believes that a formal complaint to the Ethics Committee is appropriate, or if the details of the complaint indicate that a referral to another Committee is the correct approach. The Scholastic Council may also determine that in the best interests of all concerned, the complaint should only be addressed by the Council itself.

The complainant may appeal the Scholastic Council’s decision to the Executive Board, which may overrule the Scholastic Council and determine that the complaint is best addressed by the Ethics Committee.

**Referred to Ethics Committee in 2017 for Report in 2018**

**ADM 18-11** (DM 17-40/ADM 17-33) (Allen Priest, KY; Chuck Unruh, OK)

**MOTION:** The Delegates hereby adopt the following Conflict of Interest Policy to apply to all Delegates, Alternate Delegates and those appointed by the Delegates to committees of the US Chess Federation.

**United States of America Conflict of Interest Policy**

**Article I**

**Purpose**

The purpose of the conflict of interest policy is to protect this tax-exempt organization’s (Organization) interest when it is contemplating entering into a transaction or arrangement that might benefit the private interest of an officer or director of the Organization or might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interest applicable to nonprofit and charitable organizations.

**Article II**

**Definitions**

1. **Interested Person**

Any director, principal officer, or member of a committee with governing board delegated powers, who has a direct or indirect financial interest, as defined below, is an interested person.

2. **Financial Interest**

A person has a financial interest if the person has, directly or indirectly, through business, investment, or family:

a. An ownership or investment interest in any entity with which the Organization has a transaction or arrangement,

b. A compensation arrangement with the Organization or with any entity or individual with which the Organization has a transaction or arrangement,

c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the Organization is negotiating a transaction or arrangement.

Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial.

A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the appropriate governing board or committee decides that a conflict of interest exists.

**Article III**

**Procedures**

1. **Duty to Disclose**

In connection with any actual or possible conflict of interest, an interested person must disclose the existence of the financial interest and be given the opportunity to disclose all material facts to the directors and members of committees with governing board delegated powers considering the proposed transaction or arrangement.

2. **Determining Whether a Conflict of Interest Exists**

After disclosure of the financial interest and all material facts, and after any discussion with the interested person, he/she shall leave the governing board or committee meeting while the determination of a conflict of interest is discussed and voted upon. The remaining board or committee members shall decide if a conflict of interest exists.
3. Procedures for Addressing the Conflict of Interest

**a.** An interested person may make a presentation at the governing board or committee meeting, but after the presentation, he/she shall leave the meeting during the discussion of, and the vote on, the transaction or arrangement involving the possible conflict of interest.

**b.** The chairperson of the governing board or committee shall, if appropriate, appoint a disinterested person or committee to investigate alternatives to the proposed transaction or arrangement.

**c.** After exercising due diligence, the governing board or committee shall determine whether the Organization can obtain with reasonable efforts a more advantageous transaction or arrangement from a person or entity that would not give rise to a conflict of interest.

**d.** If a more advantageous transaction or arrangement is not reasonably possible under circumstances not producing a conflict of interest, the governing board or committee shall determine by a majority vote of the disinterested directors whether the transaction or arrangement is in the Organization’s best interest, for its own benefit, and whether it is fair and reasonable. In conformation with the above determination it shall make its decision as to whether to enter into the transaction or arrangement.

4. Violations of the Conflicts of Interest Policy

**a.** If the governing board or committee has reasonable cause to believe a member has failed to disclose actual or possible conflicts of interest, it shall inform the member of the basis for such belief and afford the member an opportunity to explain the alleged failure to disclose.

**b.** If, after hearing the member’s response and after making further investigation as warranted by the circumstances, the governing board or committee determines the member has failed to disclose an actual or possible conflict of interest, it shall take appropriate disciplinary and corrective action.

**Article IV**

**Records of Proceedings**

The minutes of the governing board and all committees with board delegated powers shall contain:

**a.** The names of the persons who disclosed or otherwise were found to have a financial interest in connection with an actual or possible conflict of interest, the nature of the financial interest, any action taken to determine whether a conflict of interest was present, and the governing board’s or committee’s decision as to whether a conflict of interest in fact existed.

**b.** The names of the persons who were present for discussions and votes relating to the transaction or arrangement, the content of the discussion, including any alternatives to the proposed transaction or arrangement, and a record of any votes taken in connection with the proceedings.

**Article V**

**Compensation**

**a.** A voting member of the governing board who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member’s compensation.

**b.** A voting member of any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization for services is precluded from voting on matters pertaining to that member’s compensation.

**c.** No voting member of the governing board or any committee whose jurisdiction includes compensation matters and who receives compensation, directly or indirectly, from the Organization, either individually or collectively, is prohibited from providing information to any committee regarding compensation.

**Article VI**

**Annual Statements**

Each director, principal officer and member of a committee with governing board delegated powers shall annually sign a statement which affirms such person:

- Has received a copy of the conflicts of interest policy,
- Has read and understands the policy,
- Has agreed to comply with the policy, and
- Understands the Organization is charitable and in order to maintain its federal tax exemption it must engage primarily in activities which accomplish one or more of its tax-exempt purposes.

**Article VII**

**Periodic Reviews**

To ensure the Organization operates in a manner consistent with charitable purposes and does not engage in activities that could jeopardize its tax-exempt status, periodic reviews shall be conducted. The periodic reviews shall, at a minimum, include the following subjects:

- Whether compensation arrangements and benefits are reasonable, based on competent survey information, and the result of arm’s length bargaining.

- Whether partnerships, joint ventures, and arrangements with management organizations conform to the Organization’s written policies, are properly recorded, reflect reasonable investment or payments for goods and services, further charitable purposes and do not result in inurement, impermissible private benefit or in an excess benefit transaction.

**Article VIII**

**Use of Outside Experts**

When conducting the periodic reviews as provided for in Article VII, the Organization may, but need not, use outside advisors. If outside experts are used, their use shall not relieve the governing board of its responsibility for ensuring periodic reviews are conducted.

**RATIONALE:** The Internal Revenue service recommends that nonprofit organizations adopt a conflict of interest policy. This is taken directly from the IRS instructions for Form 1023. The Executive Board has adopted it for itself and the USCF officers and believes that it is appropriate for the Delegates, Alternate delegates and committee members as well. Adopting the policy will add an administrative burden of sending the policy out to all parties annually and asking for them to return a signed statement as noted in Article VI. Since delegates and alternates must accept their positions, this can be done at the same time. Alternatively, it can be done at the annual meeting. Committee members appointed and present at the annual meeting can get the policy and sign the statement there. It will have to be sent to those not present at the annual meeting.

**REferred to ByLaws Committee in 2017**

ADM 18-12 Substitute ADM for DM 17-40/ADM 17-33 (Harold Winston, IL, Bylaws Committee)

**US Chess Conflict of Interest Policy-Delegates**

Article I: Purpose. The purpose of this conflict of interest (COI) policy is to protect the US Chess Federation’s (US Chess’s) interest when it is entering into or contemplating a transaction or arrangement that
might benefit the private interest of a delegate that might result in a possible excess benefit transaction. This policy is intended to supplement but not replace any applicable state and federal laws governing conflict of interests applicable to nonprofit and charitable organizations. This COI policy is separate and apart from the COI policy applying to US Chess Executive Board members.

Article II: Definitions. 1. Interested Person. Any delegate who has a direct or indirect financial interest, as defined below, is an interested person. 2. Financial Interest. A person has a financial interest if the person has, directly or indirectly, through business, investment, or family: a. An ownership or investment interest in any entity with which US Chess has a transaction or arrangement, b. A compensation arrangement with US Chess or with any entity or individual with which US Chess has a transaction or arrangement, or c. A potential ownership or investment interest in, or compensation arrangement with, any entity or individual with which the US Chess is negotiating a transaction or arrangement. Compensation includes direct and indirect remuneration as well as gifts or favors that are not insubstantial. A financial interest is not necessarily a conflict of interest. Under Article III, Section 2, a person who has a financial interest may have a conflict of interest only if the COI Committee decides that a conflict of interest exists.

Article III: Procedures. 1. Duty to Disclose. In connection with any actual or possible conflict of interest, a Delegate who is an interested person must disclose the existence of any financial interest to, and be given the opportunity to discuss all material facts with, the Delegates’ Conflict of Interest Committee. 2. Determining Whether a Conflict of Interest Exists. At each Annual Delegates Meeting, the Delegates shall elect a Conflict of Interest Committee immediately following the selection of the Parliamentarian. The Committee shall consist of three Delegates present at the Annual Meeting. After disclosure of any financial interest and material facts (Art. III, 1.), and after any discussion with the interested person, the COI Committee will expeditiously determine by a majority vote whether a conflict exists and prepare a recommendation for action to be made to the Delegates if a conflict is found. A Delegate may disclose a potential conflict of interest to the US Chess President prior to the commencement of the Annual Delegates Meeting. The President will notify the COI Committee Chair of the disclosure at the earliest possible time. The COI Committee will remain seated until the next Annual Delegates Meeting.

Article IV: Family. Article II, 2 is defined as direct descendants, spouses, or partners in a civil union, siblings by birth, marriage or adoption, or adopted children and parent or step parent and stepchild. RATIONALE: This is proposed as a Delegate Action of Continuing Interest. This was the result of a Delegate referral of a much longer motion that required delegates filling out a form each year.

ADM 18-13 (DM 17-54/NDM 17-06) (David Day, UT)
Amend and restate DACI 8, Item #4, as follows:

"Be properly incorporated or formed under applicable state law with an organizational structure which provides opportunities for participation by all US Chess members residing in the state, and shall submit to the US Chess office a copy of its current bylaws or other similar governing documents in written or electronic form."

REFFERED TO STATES COMMITTEE IN 2017

NEW BUSINESS

Any motions passed at the Membership Meeting will be discussed as first order of New Business.

ADM 18-14 (Harold Winston, IL; Mike Nietman, WI; Mike Hoffpaur, VA; Allen Priest, KY; Robert Messenger, MA)
Resolved, that former President Gary Walters be elected a Delegate at Large.

ADM 18-15 (David Kuhns, MN; Alan Losoff, NV) on behalf of the Rules Committee
Replace rule 35F10e with the following wording:

e. to claim a win on time for the blind or disabled player or inform the blind or disabled player when the opponent has touched a piece without moving it.

And add rule 35F10g as follows:

g. to pause the clock and summon a tournament director at the request of the blind or disabled player.

RATIONALE: This allows the visually impaired player to make touch move claims without giving an advantage over the sighted player. This makes our rule similar to the FIDE rule but allows for the fact that under US Chess rules only the player (not the arbiter) may initiate most claims.

ADM 18-16 (Harold Winston, IL; Robert Messenger, MA, Bylaws Committee)
Replace DACI 18 by "All annual committee reports not published in the Delegates Call will be distributed as handouts at the Delegates meeting."

RATIONALE: This conforms the DACI to our current practice. The DACI refers to committee reports being in the Annual Report but in fact they are in the Delegates Call. Those reports not in the Call have been distributed in writing.

ADM 18-17 (Executive Board)
Amend item 7 of the Code of Ethics to add: “Complaints submitted by a US Chess employee as a result of actions related to US Chess activities shall not require the payment of the deposit.”

RATIONALE: Recently we have had two such complaints and two US Chess employees wrote personal checks to file those complaints to be fully in compliance with the current rules of submission. US Chess employees should not be asked to pay a deposit to file a complaint that arises from their official duties.

And it makes little sense for US Chess to write a check to US Chess to file a complaint.

ADM 18-18 (Executive Board)
Amend Article VII, Section 1: The referenced section of the Bylaws reads, “Executive Board shall appoint an Executive Director and a Publications Director. The Executive Board shall also give approval to the hiring of a chief financial officer (CFO) by the Executive Director.” Revise the section to read, “Executive Board shall appoint an Executive Director. The Executive Board shall also give approval to the hiring of a chief financial officer and a communications director by the Executive Director.”

RATIONALE: The present situation arises from old history. Times have changed. Effective management requires that the whole team report to a single leader. From a practical standpoint the ED is already managing the leadership of the publications department. The ED needs full authority over all the US Chess team.

As our culture continues to shift to embrace the educational mission that our 501(c)(3) status requires that we do, our publications are also shifting away from the "member newsletter" approach to be focused on the broader mission.
**ADM 18-19**  (Mike Hoffpaur, VA; Allen Priest, KY; Chuck Unruh, OK; Mike Nietman, WI; Hal Sprechman, NJ; Lakshmana Viswanath, TX)

US Chess shall re-institute the Governance Task Force to explore how the structure and selection of the Board of Directors might be changed to better serve US Chess and its members as a 501(c)(3) charitable/educational organization. The Task Force shall file a report at the 2019 delegates meeting.

RATIONALE: When the prior version of the Governance Task Force explored the governance system, US Chess was still a 501c4 organization. Since then, the IRS approved our application to be a 501(c)(3) educational organization. We need to consider if our present structure is the best way accomplish the mission of US Chess as stated in the Articles of Incorporation. The task force may well decide that the present system is fine—there are no specific expectations of any changes. The task force product is simply a report—if changes are proposed those would be outlined in the report and then the task force life would be extended to refine those proposals, if any, before any possible changes were presented to the delegates. It is likely that any significant changes would require a member vote as well. So, this would be a multi-year process if any changes are proposed.

**ADM 18-20**  (Mike Hoffpaur, VA; Allen Priest, KY; Chuck Unruh, OK; Anjelina Belakovskia, AZ; Hal Sprechman, NJ; Lakshmana Viswanath, TX)

Changes to the Rules of Chess may be approved at any delegates meeting, but the common effective date will be January 1 of years divisible by 3. A different effective date for a rule change can be set by an 85% super majority vote of delegates voting on the issue.

RATIONALE: Changing the rules every year makes it difficult for players, tournament directors, and organizers to understand and apply ever-changing rules. It makes notification and education of those changes more difficult. If there were a common time when rules were adjusted, it would be easier to inform players, TDs, and organizers of those changes and make it easier for them to prepare. Further, we have often seen rules changes that were rushed and not well thought out, causing a series of corrections to be required to fix unintended impacts. Slowing the process down would cut down on the need to fix mistakes. And if there really is a need to rush a change, this allows for that to occur.

**ADM 18-21**  (Executive Board)

Amend Article IV: Voting Members, Section 3. Registration. After the sentence, “There is no registration fee,” add the sentence, “Eligible members who are not registered as Voting Members will be contacted by e-mail from the office no later than April 1 with instructions as to how to register.”

RATIONALE: Over the past couple of years the office has posted a notice of the pending May 1 deadline for voter registration near the deadline. At the direction of the Election Committee, this year an email was sent on April 23. A CLO article was posted on or about April 30. We do not believe this is early enough. To allow longer notice of the pending deadline and to give potential voters a longer reminder lead time, we suggest this e-mail be sent near April 1.

**ADM 18-22**  (Ken Ballou, MA)

Amend the Official Rules of Chess as follows:

1. In rule 14D, replace the word “arises” in the first sentence with the phrase “exists as of the most recently determined legal move.”

2. In rule 14E, insert the phrase “as of the most recently determined legal move” following the word “exists” in the first sentence.

**ADM 18-23**  (Steve Immitt, NY)

The current US Chess Transgender Policy adopted by the Executive Board on May 22nd reads as follows:

“The Executive Board moves to adopt the following trans-gender policy as provided by legal counsel: Allow a person to identify as they choose, and allow each person one change to their gender identification. If an individual attempts a second change to gender identification, at that time the individual must provide US Chess a birth certificate, and the birth gender indicated on the birth certificate will be used to determine gender for US Chess purposes.”

The Delegates resolve to remove the language after the first sentence and replace it with the following:

All requests for changes in gender identification must be made to the US Chess Office and are not effective until officially acknowledged in writing by the US Chess Office.

Appeals to gender identification changes may be made, by those with standing, to the Executive Board, which may require an individual to provide supporting documentation consistent with a request for a change in gender identification. The Executive Board shall further have the right to rescind an approved change in gender identification for cause, such as a request to identify with one gender for US Chess while in the same period representing a different gender in another organization. Such a decision by the Executive Board may be appealed to the Delegates.

Once an individual’s change in gender identification has been recognized by US Chess, a period of two years must elapse before a request for a subsequent change in an individual’s gender identification will be considered.

US Chess also reminds its members that its Transgender Policy is subject to local laws governing US Chess events.

RATIONALE: The current US Chess Transgender Policy does not specify how a request for a change in gender identification is to be made. It’s not clear from the current policy that such a statement of a change in gender identification can’t even be made right at a tournament, with the implication that it becomes effective automatically and immediately. The current policy also does not allow for an appeal of a change in gender identification, in light of what might be evidence of a request made in bad faith, such as participating on a men’s swimming team while also requesting US Chess identification as a female. Furthermore, the sponsor is curious as to what other sport in the world advertises the option for an individual to make two automatic changes in his/her gender identification?

The current Transgender Policy offers little disincentive to individuals who may wish to try to game the system by making a bad-faith request for gender re-identification. Automatically allowing bad-faith requests will prove to be very problematic to organizers and Tournament Directors who wish to promote Women’s and Girls’ events, as well as offer Mixed Doubles team prizes, and the integrity of these events would be very much undermined. Some have already called for the abolition of gender-based events to guarantee not running afoul of the new Transgender Policy. The sponsor does not believe that this is really the intent of the Executive Board or the Delegates towards promoting chess for women and girls.

Moreover, the sponsor believes that the two-year waiting period for a second or subsequent request will very likely discourage individuals
from making an initial request merely to game the system for a possible short-term gain, if they know that there is a consequence of a minimum amount of time required before a request to reverse the original change will be considered.

Finally, the US Chess Transgender Policy must also be subject to the local laws governing US Chess events as well, especially in cases where local laws may not be in complete agreement with the policy.

**ADM 18-24** (Steve Immitt, NY; Sophia Rohde, NY; Daniel Rohde, NY)

Non-US Chess members shall be subject to the jurisdiction of the Executive Board and the Delegates in matters of complaints made against their actions at US Chess events by US Chess members.

RATIONALE: This resolution seeks to provide standing for US Chess members in complaints against non-members regarding their actions at US Chess events. A coach or parent, for example, has substantial latitude to interfere with or harass other players or tournament staff, with little recourse from US Chess. This would also include non-members making false allegations to U.S. Chess regarding the actions of US Chess members.

The current situation can be characterized by an unbalanced scale between a non-member spectator and a member organizer, TD or player. A non-member parent or coach of a minor would be able to make scurrilous and unsubstantiated accusations, on behalf of the player, against another player or TD, and these would need to be addressed. An aggrieved member’s complaint against a non-member’s actions, on the other hand, would probably be dismissed for lack of standing. This is not a level playing field.

An offending party should not be able to avoid a reprimand or censure for his actions simply because he let his membership lapse, or never paid for it in the first place.

This situation is likely to grow increasingly urgent, especially considering the rate of participation of minors in scholastic and open events.

As a non-member, the applicable penalties in such cases would likely be limited to a censure by the Executive Board as well as the compilation of an official record of complaints and decisions made. However, this can still be significant, as an individual who has a record of previous substantiated complaint against him may think twice before committing the same offense again. In addition, such a record may also serve as evidence of a pattern of behavior in subsequent legal actions, or in the event that that individual wishes to join US Chess in the future.

Furthermore, while non-members would still be entitled to due process in complaints involving them, such complaints would not be required to follow the same procedures as those set forth in the Ethics Committee, for example.

Decisions made by the Executive Board in these cases may be appealed, by US Chess members with standing, to the Delegates.

**ADM 18-25** (Steve Immitt, NY; Sophia Rohde, NY; Daniel Rohde, NY)

Requests for official US Chess certification of tournament equipment are to be made to the Executive Board, which shall then refer the request to an appropriate committee comprised of individuals with expertise and experience with similar equipment. The committee shall adopt a protocol for evaluating equipment and apply these standards in making its recommendations to the Executive Board regarding the product.

RATIONALE: There needs to be a formalized and transparent process for determining whether US Chess will certify a piece of equipment, such as a clock, an electronic scorekeeping device, a sensory board, etc. Such certification confers a tremendous marketing advantage to a manufacturer. As a 501(c)(3) organization, it behooves US Chess to ensure that such certification be granted in accordance with a thorough, fair, and comprehensive review of the equipment and of the best standards and practices for such equipment, using clear and objective criteria.

A TD or player should not have to struggle to use a new piece of equipment, whose operation may not be in accordance with best practices, wondering how that equipment ever became approved in the first place.

**ADM 18-26** (Steve Immitt, NY; Sophia Rohde, NY)

The Delegates recommend that the Executive Board add and advertise for a staff position of Technical Director, if it determines that such an additional staff expense is financially viable.

RATIONALE: The USCF used to have the staff position of a Technical Director, who would provide varied and valuable assistance to the office staff.

Such a staff person would be even more important with the current issues facing US Chess.

The Technical Director would help to provide a review with recommendations to the appropriate committee(s) regarding official complaints filed with the Office (the Technical Director would be able to do some of the investigative work for use by the committees in appeals and complaints, for example); investigate allegations of cheating or improper behavior; investigate possible instances of ratings manipulation; review player eligibility for invitations, Top Player lists, Grand Prix and other prize standings; investigate allegations of improper actions by organizers or Tournament Directors; review the monthly USCF and FIDE rating lists for anomalies; review questions of adherence to US Chess policies in TLAs and other advertisements; as well as myriad of other tasks increasingly important to the day-to-day operations of US Chess.

The Technical Director would also be a liaison between the US Chess Office, the Executive Board, and organizers, Tournament Directors, members and other federations.

OF CONTINUING INTEREST

1. **Sites of USCF-Sponsored Tournaments.** Since the US Chess Federation is open to all players, regardless of race, sex, creed, religion, or national origin, and is interested in promoting chess among all groups, all tournaments sponsored by USCF are to be conducted at sites accommodating the right to play of all USCF members. (1960)

2. **Tournament Coordination.** The USCF shall exert its influence through Officers to coordinate and schedule sanctioned tournaments sponsored by regional or state chess organizations (without conflict of time and place). (1964)

3. **Speed of Rated Games.** Any change in the speed of rated games requires approval by the Board of Delegates. (1971)

4. **Rating Lists and Supplements.** The Executive Board is required by the Delegates to publish annually the ratings of active players and to make available by download a bimonthly or monthly Supplement. Rating lists (annual lists and supplements) can be received via electronic media. (1972) (2002) (2006) (2011)

(1975)

No Executive Board member shall be awarded a paid directorship or concession at a National Tournament on which he/she participated in the award vote, except in the case of an uncontested bid. 11. **Tournament Cancellation.** Tournaments announced in Chess Life may not be cancelled unless the cancellation notice appears in Chess Life. 12. **Chess Life.**

**GOALS AND IMPLEMENTATION.**

The goal of Chess Life shall be to promote the United States Chess Federation and chess in the United States and the world. Chess Life shall be the journal of record of chess play in the U.S.

As the Federation’s most important means of communication to its members, and as the Federation’s most visible service, the magazine should be as attractively and professionally produced as resources allow, making use of photography, artwork, cartoons, and other graphic devices, as warranted.

Mindful of our members and potential members, the wide range of playing strengths and interests represented therein, and our overall goal, Chess Life should present a comparable range of subject matter.

Instructional analysis (aimed at a variety of skill levels), correspondence chess, reader opinion, non-technical (i.e., historical articles, fiction) and human-interest material (i.e., interviews), rules changes, national and international news, and providing coverage of international, national, and regional events, are suggested, but do not delimit areas of concentration.

Consistent with our stated goal, advertising in Chess Life is a service to readers as well as a significant source of revenue.

The editor and publisher (Executive Director) will be responsible for ensuring that the overall advertising content in Chess Life and subject matter are appropriate. The editor and publisher, in their best judgment, have discretion to refuse any advertisement.

**COMPOSITION OF CHESS LIFE.**

The following items shall be required Chess Life content:

Chess Life should provide a regular section for announcements of upcoming tournaments. This Tournament Life section should be well-organized, informative, and as helpful as possible in order to encourage participation in USCF-rated events, particularly USCF titled events, Grand Prix events, and American Classic events.

13. **Free Membership to Grandmasters and Woman Grandmasters.** USCF memberships shall be awarded upon request to International Grandmasters, including Women Grandmasters, when it is determined by the Executive Director that a player is registering with FIDE as an American player; or when an American player is awarded the title by FIDE. (1980, 1991)

14. **Profits from Scholastic Tournaments.** Any profits generated by National Scholastic Tournaments that are earned by USCF will be retained by USCF and earmarked for Scholastic Chess. (1998)

15. **Calling the Question.** At USCF Delegates meetings, the practice of a speaker calling the question immediately after speaking to the merits of a motion shall not be permitted. (1993)

16. **Review of DMs.** At every Executive Board meeting, the Executive Board shall review the resolutions passed by the last annual Delegates’ meeting to make certain those resolutions are being enforced. (1993)

17. **Choosing Committees.** It is the sense of the Delegates that committee chairmen shall be fully consulted prior to selection of committees and there shall be continuing consultation concerning committee membership and work through the liaison. (1994)

18. **Presenting Committee Reports.** All annual committee reports not published in the annual report will be presented to the Delegates after the published committee reports have been presented to the Delegates and will be limited to a ten minute presentation. (1994)

19. **Investment of Life Membership Assets.** The LMA Committee shall establish an investment policy that is expected to produce an aggregate return equaling or exceeding 6% on its invested assets (excluding the USCF office building). (2002)

20. **Personnel.** All Board-approved changes to employee compensation will be subject to a vote of the full Board and the vote will be recorded in open session. The text of any Board-approved
change to employee compensation will be recorded as a confidential BINFO item.

Any Board-approved change to an employee incentive plan must be finalized no more than 90 days after the plan has been approved. Any Board-approved employee contract must have the signature of no fewer than one officer and one other Board member. Board-conducted employee reviews must be discussed and written before presented. (1997)

21. Standards of Conduct for the USCF Executive Board. The USCF Board of Delegates establishes the following standards of conduct for Executive Board members in the performance of their duties:

GENERAL PRINCIPLES.

Members of the USCF Executive Board have responsibilities of the highest order for the promotion of chess and for stewardship of the resources of the USCF. In the execution of these responsibilities, they are expected to act lawfully and in accordance with USCF policy, and to adhere consistently to the principles of fairness, honesty, and respect for the rights of others. They are expected to conduct themselves in a professional manner throughout the performance of all duties, contributing thereby to maximum effectiveness in the achievement of the goals of the USCF.

1) Executive Board members are expected to contribute to the functioning of the Board as a cohesive unit, with information flowing comfortably among all its members. Actions that interfere with comfortable and open communication among all Board members should be avoided.

(a) All Board members have the right to receive all information pertinent to the making, monitoring, and implementation of USCF policy. Board member(s) should not withhold full and accurate information from other Board members, when that information is relevant to Board decisions or potential decisions. Where decision-making authority has been given to a specific officer by the Board or the Bylaws, that officer must keep all Board members fully and accurately informed of all decisions made and factors influencing those decisions.

(b) All Board members have the right to be involved in the determination of all Board decisions. A Board majority has no authority except as a majority vote within the context of a properly called Board meeting. Board decisions must result from discussions in which all Board members have had the opportunity to participate.

(c) Board members are responsible for contributing to constructive communication within the Board. Board members are responsible to communicate directly with each other whenever there is misunderstanding or ill will, making strenuous efforts to resolve the issue amicably through such communication, before making the dispute public.

2) The Executive Board is responsible for conducting business in an efficient, constructive, and open manner.

(a) All actions taken by the Executive Board must be consistent with the Bylaws of the USCF, and with all policy established by the USCF Board of Delegates.

(b) Executive Board members must respect the dignity of all persons in all statements and actions. Any derogatory and/or sarcastic statements attacking an individual in a personal manner, or intended to bring scorn or ridicule on an individual, shall be considered out of order at any and all times in an Executive Board meeting, whether in open or closed session. Any angry and heated exchanges in a Board meeting should be considered out of order. The Chair of the meeting shall be responsible for promptly ruling such utterances out of order, or any member may raise a point of order to that effect. Personal differences must be privately resolved without disturbing the efficient conduct of USCF business in a Board meeting.

(c) A closed session should be held only when the best interests of the USCF are definitely served by doing so. Examples of when closed sessions are proper would include the discussion of matters that are legally sensitive, issues involving sensitive negotiations, or matters in which the privacy rights of any individual may be at risk. Closed sessions should not be scheduled to permit the airing of heated or derogatory comments, which should be out of order in any meeting discussion, or to avoid the necessity of Board members’ dealing with unpopular issues publicly.

The Board may invite other persons into the closed session if such persons possess special information or expertise needed by the Board, but a certified Executive Board candidate who is not currently on the Board should not be included in a closed session unless all Board candidates present at the meeting are also invited.

(d) Board members should be sensitive to the feelings of volunteers and staff members whose names may be mentioned, or whose work may be criticized, during Board discussion.

(e) All Board members must strictly observe confidentiality of closed sessions. In the case of a conference call, the Board members must clearly understand what portions of the call are considered open or closed, for the purpose of determining what information in the call must be considered confidential.

(f) When appointed by the Delegates, the USCF Ethics Committee may consider an allegation by any USCF member that an Executive Board member has committed significant violations of this code of conduct. The Ethics Committee may, if it determines that such violations have occurred, either warn the Board member or recommend actions, such as recall of the member, to the Board of Delegates in accordance with the Bylaws of the USCF. (1997)

SEE PAGE 30 FOR THE CODE OF ETHICS

23. FIDE Policy. The U.S. Chess Federation (USCF) endorses the concept of a strong world organization of chessplayers, which supports a system of competitions for the strongest players in the world culminating in a valid world championship. The USCF also firmly embraces the principles of freedom of action and freedom of speech. The USCF cannot accept any regulation that limits journalistic freedom or freedom of expression, or interferes with the efforts of free enterprise to promote chess. The USCF endorses the principles of compromise in helping to maintain a universally-accepted world championship. (2011)

25. BINFO System. In the interest of both history and accountability, the Board information (BINFO) system should be maintained and used in the following manner:
1. The Executive Board and Executive Director will place documents relating to their decisions and discussions in this record system.

2. An effort will be made to include all relevant documents bearing on the making of USCF policy and other decisions.

3. At the request of any single Executive Board member or the Executive Director, a document will be placed in the system.

4. BINFO documents may be classified as confidential, using strict, documented criteria.

5. Classified BINFOs will be reviewed periodically for declassification. This will include but not be limited to documents now in the system and placed there by previous Boards.

6. Non-classified documents will be supplied to members on request; a reasonable duplication fee may be charged.

7. Binders of non-classified documents will be maintained at the USCF office and will be available on request to visiting adult members to examine while in the office.

8. Updated, descriptive indexes of the BINFO system will be available on the USCF website in the most expeditious manner possible, and available in hard copy on request for a reasonable duplication fee. (2000)

9. Non-confidential BINFOs are to be made available electronically without cost to any Delegate or Alternate Delegate that asks to receive them. This is to be done by making them available on the USCF website in a public area and/or setting up a read-only mailing list and adding to the list anyone who wants to receive the BINFOs via e-mail. (2001)

26. **Scholastic Chess.** The USCF shall have a full-time Scholastic Director, working in consultation with the Scholastic Committee. The job description and workload priorities of the Scholastic Director will be developed jointly by the Scholastic Committee and the Executive Director.

   The Finance Committee shall include at least one member recommended by the Scholastic Committee.

   The USCF shall implement an income and expense system, which separately identifies scholastic chess activities. (1999)

27. **ADM votes on the Website.** The final decision of the Board of Delegates on ADMs shall be recorded and published on the USCF website. All available information regarding the vote shall be included. (1999)

28. **Ballots.** Ballots shall contain only a candidate’s name and state. No titles, credentials or other honors shall appear on ballots. (1999)

29. **Committee Actions.** USCF Committees, excepting those appointed by the Delegates, exist to advise and recommend, but may not make any ruling that affects the status of any member without ratification by the Executive Board, Office or Delegates. (1998)

30. **Delegate Committees.** All newly-created Delegate Committees must have a statement of purpose defining their function. (1998)

31. **LMA Annual Report.** The LMA Management Committee shall publish an annual report showing the performance of the fund’s investments, the investments owned, the investment strategy, and an assessment of investment risks. (1998)

32. **Based on Prizes.** Effective January 1, 1999, all tournaments without exception advertised in Chess Life, Tournament Life, or elsewhere shall be required to pay at least 50% of any based-on prize advertised if the prize fund is over $500. Based-on prizes in tournaments with an advertised total prize fund of $500 or less must be paid in proportion to turnout. Minimum penalty for violation of this rule shall be disqualification from advertising in Chess Life for one year. Additional penalties may be imposed at the discretion of the Executive Director. If a tournament is affected by an act of God, then the organizer may appeal to the Executive Board. Exceptions can be made by the USCF President or Executive Director in extreme circumstances. Chess Life shall print no display ads for “based-on” tournaments which mention the “based-on” prize fund without indicating that this prize fund is based on entries. (1998) (2002) (2004)

33. **Volunteer Expenses.** A summary of all reimbursements to each member of the Executive Board, International Delegations, and all other volunteers shall be published in the Executive Board Newsletters and on the USCF website. (1990, 1998)

34. **Membership Accounting.** 90% of the income from life memberships and 50% from sustaining memberships shall be deposited directly in to the LMA. Services provided to life and sustaining members shall be funded quarterly. (1996, 1999)

35. **Bylaws Committee.** To aid the Delegates and the Executive Board in informed decision making, the Bylaws Committee shall advise the Executive Board and the Delegates concerning both the substance and the wording of proposed bylaws changes. (1987)

36. **Drug Testing.** The Delegates believe that drug testing is unnecessary in chess and urge FIDE to limit testing only to events where it is absolutely essential for qualification into the Olympic Games. (2001)

37. **Candidate Disclosure (Executive Board Candidate Disclosure).** Executive Board candidates are asked to disclose if they are employed full time or are a candidate for full-time employment with any organization that is a vendor for the USCF, a competitor to USCF in any area, or has any significant other business interest (including substantial ownership of a business) that could be affected by decisions made by the USCF. Failure to disclose these interests would not disqualify a candidate from running, but could affect the voters’ evaluation of the candidate. (2001)

38. **Delegates Call (Report in Delegates Call).** A report on compliance or noncompliance with the previous year’s Delegate Motions will be provided in the Delegates Call each year. (2001)

39. **Committees (No Pay for Committee Members).** Members of USCF Committees shall not be paid for committee work without authorization of the Delegates. They may continue to receive reimbursement for expenses. (2001)

40. **USCF Regions.** Executive Board election results shall once again be tabulated by region, beginning in 2003. There shall be twelve regions, each consisting of the same states that the region included before the discontinuation of regions. (2002)

41. **Financial Reports on Website.** Comprehensive USCF financial reports including at least a balance sheet and statement of all activities will be posted on the USCF website on at least a quarterly basis. (2002)

42. **California Borders.** The border between Northern and Southern California shall be set along county lines. Where San Luis Obispo, Kern and Inyo are the northern most counties of Southern California, and Monterey, Kings, Tulare, Fresno and Mono are the southernmost counties of Northern California. 43. **TDCC Changes.** Changes in the Tournament Director certification program proposed by the TDCC Committee may be approved by the Executive Board without approval of the delegates. (2006)
44. USCF National Scholastic Events. National Scholastic K-12 Grade Championship
National Elementary Grade Championship
National Junior High- Middle School Championship
National High School Championship
SuperNationals

45. Delegates & Financial Reports. Any Delegate has the right to access the official monthly financial reports. The USCF may charge Delegates for the costs incurred in accessing and copying the official monthly financial reports. (2008)

7) Applications which do not fully comply with these procedures will not be considered. (2009, 2015)

47. Annual Report of Players Health and Benefit Fund. The USCF shall report annually to the Board of Delegates the following financial information about the Players Health and Benefits fund:

9. Any vacancies amongst the Trustees may be filled by appointment made by the remaining Trustees. Such appointment will require a 2/3 affirmative vote of the Trustees.
10. The purpose of the trust is to provide income to the USCF to provide services to those who have purchased life and sustaining memberships in the USCF after December 31, 2007. The Trustees are to prudently invest the trust assets with this goal in mind.
11. The trust may own real estate that is occupied by the USCF. The Trustees need not require the USCF to pay rent for such property.

51. Tournament Recommendations. The Delegates remind all those involved with the USCF National tournaments that these tournaments are for the benefit of the players. It is because of the support of the players, as well as the parents and coaches, that these events are even possible. Though inevitably there may arise disagreements among those involved as how best to realize this objective, the primacy of this goal must never be forgotten.

In order to increase participation, especially female participation, USCF shall encourage affiliates to offer mixed doubles prizes at tournaments. (2014)

52. Invitational Requirements. Regarding the U.S. Championship and U.S. Women’s Championship, Olympiad, and World Teams, USCF’s invitational requirements will disallow those residing in the U.S. on student visas (currently, “F” or “M” visas) or tourist visas (currently, “B” visas). (2014)

EB18-020 - Niethman

I move that the EB accepts Aviv Friedman’s resignation from the Scholastic Council and to name Eric Vigil (IA) to the Scholastic Council. PASSED 7-0
I move to insert the following as a new paragraph 8 into the Scholastic National Invitational Event and Award Requirements web page: **PASSED 7-0**

8 **FIDE World Youth U16 Olympiad Selection Criteria:** The World Youth U16 Olympiad is an annual tournament featuring team play. Teams are composed of four players and an alternate. Players who attend as part of the U.S. Team must be approved by US Chess in order to participate. The age cutoff is based on January 1st of the year of the tournament. In the event that any FIDE rules or regulations are determined to be in contradiction with these selection criteria, FIDE rules and procedures will supersede these criteria. FIDE does not limit the number of teams that can participate. Any group of four or five US Chess players with “USA” as their FIDE country who meet the age criteria can attend the World Youth U16 Olympiad as a member of the U.S. Delegation. Only the sponsored team members must meet the rating and activity requirements as defined below. All other players may be invited to participate; however, these additional players will not be offered any financial assistance by US Chess. They must pay their own way, to include the administrative fee established by US Chess. These players do not need to meet the activity requirement but they must still be eligible to represent the U.S. under FIDE rules. Players who transfer their FIDE country to the USA may not represent the U.S. until the date established by FIDE.

The sponsored team members must meet the rating requirement as well as the activity requirement of 30 rated games in the 12-month qualification period. The 30-rated games can be either US Chess or FIDE-rated. If the games are FIDE rated, the player may request US Chess verification.

1. The sponsored team shall consist of 5 players + one coach/Head of Delegation. Per FIDE requirements at least one of the players must be female who will play in at least 1/3 of the games.

2. The team will be comprised of the 5 highest rated eligible players by peak supplement rating in the six months prior to selection. Selection will be six months prior to the event.

3. Only US Chess ratings will count for selection. FIDE ratings will not be averaged in. This will ensure that players from areas without access to FIDE rated events will not be discriminated against.

I move to revise current paragraph 9 of the Scholastic National Invitational Event and Award Requirements web page to include the following rating thresholds for the All-America Team beginning for the 2018 team: **PASSED 6-1** with Anjelina Belakovskaia opposed.

The following motion was discussed in closed session and presented in open session on November 12, 2017.
EB18-031 – BELAKOVSKAIA

I move that Sean Manross becomes an additional member of the Outreach Committee in 5 days with no objection. PASSED WITHOUT OBJECTION

Mike Nietman moved on November 14, 2017, by e-mail objections procedure the addition of Sandeep Alampalli to the Chess in Education Committee. No objections were received.

EB18-032 – NIETMAN

I move by 5-day objections procedure to add Sandeep Alampalli (14815042) as a student member to the Chess in Education Committee. PASSED WITHOUT OBJECTION

Carol Meyer noted that the current office copier needs to be replaced as it can no longer be serviced due to scarcity of parts. She moved that a new copier lease and maintenance contract be authorized.

EB18-033 – MEYER

I move that the Executive Director be authorized to contract for a 60-month new copier lease totaling $11,340, with maintenance costs based on estimated usage of $17,190 over 60 months. PASSED 6-1 with Anjelina Belakovskaia opposed.

The following two motions updated the administrator for the USCF brokerage account to reflect the transition of Executive Directors. Carol Meyer moved to be authorized to be the administrator for the account by e-mail on December 12, 2017. The vote concluded on December 19. Allen Priest moved, also on December 12, to remove Jean Hoffman as administrator of the account. The vote was completed on December 23.

EB18-034 – MEYER

I move that the Executive Board authorize Carol Meyer to be added as an authorized account administrator with Edward Jones Co. on behalf of the United States Chess Federation. PASSED 7-0

EB18-035 – PRIEST

I move that the Executive Board remove Jean Hoffman as an authorized account administrator with Edward Jones Co. on behalf of the United States Chess Federation. PASSED 7-0

Mike Nietman moved by e-mail on December 23, 2017, the acceptance of the minutes of the November, 2017, EB meeting. Voting was completed the next day.

EB18-036 – NIETMAN

I move to accept the minutes to our November 2017 meeting. The minutes were previously distributed for review. PASSED 7-0

Executive Director Carol Meyer moved by e-mail on December 21, 2017, to approve a contract for IT and Network infrastructure. The vote was completed on December 25.

EB18-037 – MEYER

I move that the Executive Director be authorized to contract with Epsilon to provide IT and network management services for US Chess which will include hosting and maintenance of virtual servers. The estimated one-time implementation costs are $13,500. The maintenance and support will be on a month to month basis and the arrangement can be canceled at any time. The estimated current ongoing monthly maintenance and support costs are $3,710. PASSED 7-0

At the request of the Senior Chess Committee, Chuck Unruh moved by e-mailed Objections Procedure on January 4, 2018, to add the word “National” to the Tournament of Senior State Champions. The motion passed without objection on January 9.

EB18-024 approved up to $10,000 dollars for the Tournament of Senior State Champions. The events are one in the same with the addition of the word National. If there are no objections in 5 days, I request the addition of “National” in front of the word Tournament (EB18-024.) PASSED WITHOUT OBJECTION

The Executive Board met in Orlando, FL, on January 15, 2018. The following motions arose from that meeting.

Please note that motion EB18-039 originally passed with a clause that was removed by unanimous agreement afterwards. The wording below represents the final wording.

EB18-039 – MEYER

I move that the Executive Director be authorized to enter a 3-year contract with Skytel to provide phone services to US Chess. PASSED 7-0

EB18-040 – PRIEST

I move that the board of directors affirms a prior board of director’s policy requiring that the U.S. Open end no later than August 15. However, given that US Chess had a U.S. Open previously scheduled in St Louis that had to be moved due a hotel issue, our desire to hold that event in St. Louis, and difficulty in finding a way to schedule a St. Louis-area U.S. Open within the time guideline, we make a one-time exception to the policy and authorize the events staff to schedule the 2020 US Open in St. Louis to end on August 16. PASSED 7-0

EB18-041 – BELAKOVSKAIA

I move that US Chess authorize $5,000 in additional funds for the Women’s Chess Fund (“WCF”) created and approved by EB17-041-Priest with a vote of 6-0 in favor. An anonymous gift was received by US Chess to offset the additional requested funds. WCF is authorized to spend up to the aforementioned amount in support of volunteer activities at US Chess events. Furthermore, Women’s committee members shall submit detailed expense reports with receipts to the Committee Chair and Executive Director for their approval of the requested reimbursements no later than sixty days after the event. PASSED 7-0

Anjelina Belakovskaia moved to support the Regional Women’s Championships by providing free TLAs to organizers of those events in 2018. A motion to table passed and the motion was tabled.

The name of the Website Advisory Committee was changed to the Information Technology Advisory Committee on Motion 18-073.
Our professional and scholastic players enjoyed a busy and productive 2018. Nationwide, FIDE-rated activity increased, with more and better-attended FIDE events in the first quarter of 2018 than in the same period in 2017.

The 43rd Chess Olympiad will be held in Batumi, Georgia in the fall. Team USA is the returning Olympic Champion and they must defend their title! Our open team will be Fabiano Caruana, Wesley So, Hikaru Nakamura, Sam Shankland, and Ray Robson, with Coach Alex Lenderman and Team Captain John Donaldson. Irina Krush, Anna Zatonskikh, Tatev Abrahamyan, Jennifer Yu, and Sabina-Francesca Foisor will comprise the women’s team, with Coach Robert Hess and Team Captain Melikset Khachiyan.

Our 2018 U.S. Champion is GM Sam Shankland, who, with his win at the U.S. Championship, achieved a 2700 rating and secured a spot on the American team at the next Olympiad. His 8½/11 score edged out the World Championship challenger, GM Fabiano Caruana, by a half point. Congratulations to Sam!

The U.S. Women's Championship went to IM Nazi Paikidze, who edged out youngster FM Annie Wang in a rapid playoff. Both were tied with 8/11, one full point ahead of GM Irina Krush. Congratulations to Nazi!

The 89th FIDE Congress will be held concurrently with the Olympiad. Representing US Chess at the FIDE Congress will be US Chess
delegate FST Michael Khodarkovsky, Executive Director Carol Meyer, IA/NTD Francisco Guadalupe, FIDE Events Manager Grant Oen, Walter Brown from the Qualification Commission, and me as zonal president. We always try to cover as many of the committee meetings as we can and report back to the membership on those events.

Other Americans who are expected to be in Batumi for the Congress are FIDE VP Beatriz Marinello and GM Susan Polgar, chair of the Women’s Commission.

Every four years a FIDE presidential election is held, with 2018 being an election year. As of this writing, three candidates are running for president: the incumbent, President Kirsan Ilyumzhinov of Russia; FIDE Deputy President Mr. Georgios Makropoulos of Greece; and GM Nigel Short, who lives in Athens, Greece. Candidates will have declared their tickets as of July 1, 2018. Our US Chess delegate, FST Michael Khodarkovsky, will vote for the U.S., and will follow guidance given to him by the US Chess Executive Board on issues and associated votes.

Over the past year, our zonal qualifiers participated in the World Championship cycle, but the Women’s Knockout was delayed and is expected to take place in Khanty-Mansiysk, Russia in November 2018. Our two representatives from the 2017 zonal, WGM Sabina Foisor and IM Nazi Paikidze, both qualified for this event.

US Chess had record attendance at the World Cadet in Brazil, where our players scored a record seven medals! Of special note is FM Annie Wang’s result at the World Youth in Montevideo, Uruguay, where she won the Gold in the Girls U16 with 10½/11—a full 2½ points ahead of the field!

GM Fabiano Caruana qualified to challenge for the World Championship by winning the Berlin Candidates tournament by a full point. He becomes the first American-born challenger for the World Chess Championship since GM Bobby Fischer in 1972. GM Gata Kamsky, although not American-born, represented the U.S. in his World Championship matches with GM Anatoly Karpov in 1996 and with GM Veselin Topalov.

Annie Wang - 2017 World Youth Girls U16 Gold Medalist

Fabiano Caruana - World Championship challenger
in 2009. Unlike the Fischer era, Caruana’s rise happened amid overall chess improvement in the U.S. At the post-tournament interview, Caruana called the tournament, “the most difficult and rewarding tournament of my life,” while adding, “Still only half the goal—on to play Magnus in November!”

Our scholastic players earned 61 medals over the past year! Our scholastic players were active in international events and did very well. Kudos to the US Chess coaching staff: Heads of Delegations FM/FST Aviv Friedman and FST Michael Khodarkovsky; GM/FST Vladimir Georgiev, GM/FST Robert Hungaski; IM/FST Armen Ambartsoumian; GMs John Fedorowicz, Nick de Firman, Alexander Goldin, and Robert Hess. See the list of the medals won below.

**Fifteen titles earned over the past year:**

**Congratulations to all:** GM Andrew Tang, GM John M. Burke, IM Kevin Wang, IM Alexander Kaliksteyn, IM Zhaozhi Li, IM Raven M. Sturt, IA Anand Dommalapati, IA Brian Yang, FA Thomas Brownscombe, FA Alan Losoff, IA Rudolph Abate, IA Michael Atkins, IA David Hater, IA Michael Kummer, FA Daniel Parmet.

The following titled players transferred to the U.S.: GM Elshan Moradiabadi, IM Alejandro Moreno, IM and IM Dorsa Derakhshani. Welcome to the US Chess! All transferred in from the FIDE flag (meaning they were stateless).

For the first time, we are sponsoring a team to attend the World Senior Team Championships (50+) in Germany from July 7-15. Our team will consist of GMs Alexander Shabalov, Joel Benjamin, Jaan Ehlvest, Alex Yermolinsky, and Sergey Kudrin.

US Chess is looking forward to another great year! We are excited about our World Championship contender, GM Fabiano Caruana, and are thrilled about our improving scholastic players. A brighter future is dawning for chess in the USA!

The Chess Trust enjoys working with US Chess to promote and encourage chess in this country. Last year Trust managing director Al Lawrence and I had positive discussions with US Chess president Mike Hoftpaur, vice president Allen Priest, and vice president for finance Chuck Unruh about the Trust and US Chess. I am pleased to report that US Chess and the US Chess Trust signed a three-year agreement to continue working together for chess. The Trust is a 501(c)(3) Massachusetts Trust, led for many years by the late Harold Dondis. We support chess nationwide by sponsoring the Arnold Denker Tournament of High School Champions, with the aid of the Denker family, and the Dewain Barber Tournament of K-8 Champions, with the aid of the Barber family. We are proud to donate the cash prizes to the National Girls Tournament of Champions (NGTOC), held the same time as the Denker and Barber at the U.S. Open. We also donate US Chess memberships and chess sets and boards to American schools. The Trust also supports the World Junior Championship for The Disabled when held in the United States.

I am sorry to announce the death of Washington D.C. attorney Michael Caglioti, who enjoyed chess. I appreciate Michael's generous bequest to the US Chess Trust in his will and encourage others to remember the Trust in their wills.

This year the Trust received an anonymous $5,000 donation to aid women's chess. In consultation with the US Chess Women's Committee, we decided to support national women's and girls' events by donating $1,000 each to them while the donation lasts. So far, we have made three such donations: the Southeast All-Girls Championship, the Women's and Girls' K-12 Western States Regional Championship, and the Mid Atlantic All Girls Regional Chess Tournament.

The Trust donates a $5,000 college scholarship to the winner of the Denker Tournament and Dewain Barber donates a similar scholarship through the Trust to the winner of the Barber event. The Trust also donates the cash prizes for the Denker, Barber, and NGTOC with the support of the Denker and Barber families. The Trust is happy to cooperate with Dewain Barber, Steve Shutt, Jon Haskel, and Maureen GrimAUD in the Denker, Barber, and NGTOC events. I enjoy speaking at their opening ceremony and presenting prize checks at their closing ceremony.

The Trust works with the World Chess Hall of Fame in St. Louis and elects new members to the U.S. Chess Hall of Fame after nominations from the Hall of Fame Committee. As Trust chairman, I inducted Alex Onischuk and Bill Goichberg into the U.S. Chess Hall of Fame on April 17, 2018 at the opening ceremony of the U.S. Championship and U.S. Women's Championship in St. Louis. Bill Goichberg could not be present at the induction, so I will present his plaque to him on Memorial Day at the Chicago Open. Trustee Rex Sinquefield and his wife Jeanne were present as sponsors of the events.

That same day, US Chess Trust managing director Al Lawrence and I met with museum officials, including chief curator Shannon Bailey and associate curator Emily Allred, and toured the current three museum exhibits. The Trust continues to be the main sponsor of the Scholar-Chessplayer Awards, with the support of Sunil Weeramantry's National Scholastic Chess Foundation. For 2018 the award winners are Andrew Tang (MN), Craig Hilby (CA), Maggie Feng (OH), Abhimanyu Banerjee (FL), and Seth Talyansky (OR). Each will receive $1,500 college scholarships.

The Trust is also proud to administer the Samford Fellowship Program, well led by IM John Donaldson. We salute the newest Samford Fellows: Sam Sevian (MA) and Awonder Liang (WI). Jeffrey Xiong (TX) is about to start his second year as a Samford Fellow as well. The US Chess Trust Samford Fellowship gives developing American players a stipend and training expenses to allow them to reach their full potential.

The Trust also appreciates the continued commitment of Two Sigma and Booz Allen Hamilton to support the Collegiate Final Four and the work of Mike Hoftpaur of Virginia and Mark Herman of New York. As usual, I rely on the advice of Trust president Jim Eade (NCA) and Trust treasurer Leroy Dubeck (NJ), as well as on managing director Al Lawrence. I appreciate that secretary Myron Lieberman (AZ) keeps track of all resolutions passed and handles the minutes. My thanks go to them and to all the other trustees for their involvement and ideas: Chess in Education VP Tim Redman (TX), Scholastic Chess VP Sunil Weeramantry (NY), Steve Doyle (NJ), Beatriz Marinello (NY), Stuart Chagrin (NY), Rex Sinquefield (MO), Dr. Norman Saba (AZ), and President Emeritus Shane Samole (FL). The work of webmaster Dora Leticia, web editor Beatriz Marinello, and website chair Jim Eade is highly appreciated.

Contact our managing director Al Lawrence at al@uschesstrust.org to request chess sets or memberships or to make legacy donations. We welcome support for all our programs, including the Denker, Barber, NGTOC, and Scholar-Chessplayer Program. You can send checks to US Chess Trust, PO Box 838, Wallkill NY 12589. You can contact me at HJWinston@aol.com.

Our annual meeting is open to all on Thursday, August 2 at 4 p.m. in the U.S. Open hotel in Middleton, Wisconsin. I am happy to accept donations at the annual meetings.
CODE OF ETHICS OF THE
US CHESS FEDERATION (US CHESS)

The Code of Ethics is Item 22 in the Delegate Actions of Continuing Interest which can be found on page 12.

PURPOSE AND SCOPE

1. The purpose of this code of ethics is to set forth standards to which the conduct of players, tournament directors, sponsors, and other individuals and entities participating in the affairs of the United States Chess Federation (US Chess), including tournaments and other activities sponsored by or sanctioned by US Chess, should conform; to specify sanctions for conduct that does not conform to such standards; and to specify the procedures by which alleged violations are to be investigated and, if necessary, the appropriate sanctions imposed.

2. The standards, procedures, and sanctions set forth in this code of ethics are not equivalent to criminal laws and procedures. Rather, they concern the rights and privileges of US Chess membership, including, but not limited to, the privilege of participating in tournaments, events, or other activities as a member of US Chess.

3. The standards, procedures, and sanctions set forth in this code of ethics shall apply only to actions and behavior by:

(A) members of US Chess that occur in connection with tournaments or other activities sponsored by or sanctioned by US Chess; and,

(B) individuals and entities acting in an official capacity as officers or representatives of US Chess. This code shall not apply to actions or behavior by employees of US Chess acting in the scope of their duties. Such actions fall instead under the province of the Executive Board.

4. Each member of US Chess and each participant in a US Chess activity shall be bound by this code of ethics.

THE US CHESS ETHICS COMMITTEE

5. The US Chess Ethics Committee is appointed in accordance with procedures consistent with the bylaws of US Chess. The committee exists to consider allegations of unethical conduct at or in connection with events sanctioned by US Chess, and allegations of unethical conduct involving US Chess and its activities, in accordance with the standards and procedures contained in this code. The committee will exercise all other duties as may be assigned by the Bylaws or by action of the US Chess Board of Delegates.

STANDARDS OF CONDUCT

6. The actions and behavior of players, tournament directors, sponsors, and other individuals and entities participating in US Chess activities, or in events sponsored by or sanctioned by US Chess, shall be lawful and in accordance with all US Chess rules and regulations, and consistent with the principles of fair play, good sportsmanship, honesty, and respect for the rights of others. The following is a list of examples of actions and behavior that are considered unethical. The list is not intended to be exhaustive, and any action or behavior that is unlawful or violates US Chess rules and regulations, or is inconsistent with the principles of fair play, good sportsmanship, honesty, and respect for the rights of others, may be considered to fall within the scope of this code of ethics.

(a) Intentional violations of tournament regulations, or of any other regulations pertaining to USCF activities and goals, particularly after being warned.

(b) Cheating in a game of chess by: illegally giving, receiving, offering, or soliciting advice; by consulting written sources; or by tampering with clocks; or, in any other manner.

(c) Deliberately losing a game for payment, to lower one's rating, or for any other reason; or, attempting to induce another player to do so. Deliberately failing to play at one's best in a game, in any manner inconsistent with the principles of good sportsmanship, honesty, or fair play.

(d) Deliberately misrepresenting one's playing ability in order to compete in a tournament or division of a tournament intended for players of lesser ability; players with foreign ratings are expected to disclose those ratings.

(e) Participating in a tournament under a false name or submitting a falsified rating report.

(f) Participating in a tournament while under suspension.

(g) Purposely giving false information in order to circumvent or violate any rule or regulation or goal recognized by US Chess.

(h) Attempting to interfere with the rights of any US Chess member, such as by barring someone from entering a US Chess-sanctioned event for personal reasons. Generally, no individual should be barred from a US Chess-sanctioned event for which he or she meets the advertised qualifications, without appropriate due process, and then only for behavior inconsistent with the principles of this code and/or the rules of chess. If a ban on future participation is imposed, the individual should be notified of the ban prior to his attempting to appear at future events.

(i) Violating federal, state, or local laws while participating in activities that are associated with US Chess.

PROCEDURES

7. Any US Chess member may initiate procedures under this code of ethics by filing a complaint in a timely manner with the US Chess Ethics Committee. A good-faith deposit must be submitted by the complainant. The amount of the deposit shall be set by the US Chess Executive Director, who shall review it from time to time in consultation with the Ethics Committee. The deposit shall be returned unless the Committee rules that the case is frivolous. The Committee may determine whether to return the deposit even before it determines jurisdictional and merit questions. The Committee may also, by a two-thirds vote, accept complaints submitted without the deposit.

In the case of any accusation that does not fall clearly under the Standards of Conduct above, the Ethics Committee shall have the authority to decide whether the alleged conduct is within the scope of the code of ethics. In the case of each alleged violation that is within the scope of the code of ethics, the following steps shall occur in a timely manner:
SANCTIONS

8. The following are some of the sanctions that may be imposed as a result of the procedures specified above. In unusual cases, other appropriate sanctions may be imposed, or these sanctions may be varied or combined.

(a) A factual inquiry shall be made by the Ethics Committee, assisted as necessary by the US Chess staff. Previous findings of the Ethics Committee or other US Chess entities may be included among the evidence considered by the Ethics Committee, if relevant to the circumstances of the present case. As a part of such an inquiry, any person accused of unethical conduct shall have the right to examine the evidence against him or her, the right to respond to the accusation, and the right to produce written evidence in his or her behalf.

(b) When issuing a decision, the Ethics Committee will provide a rationale for its decision to the parties involved and to the Executive Board.

(c) Appropriate sanctions, if any, shall be recommended to the Executive Board by the Ethics Committee. In recommending sanctions, the Ethics Committee may consider any previous ruling or finding of the Ethics Committee, or other US Chess entity, pertaining to the past conduct of the person being sanctioned. In recommending sanctions, the person being recommended for sanctions must be informed of this fact. Any person against whom sanctions have been recommended shall be promptly notified. If appeals are filed, the Ethics Committee shall be promptly notified.

(d) Except as specified in 7(f), sanctions recommended to the Executive Board shall be deemed final unless appealed to the Executive Board by the person or persons upon whom the sanctions have been imposed, or upon the initiative of any member of the Executive Board. Such an appeal must be made within thirty days of the date that notification of recommended sanctions occurred, except that the Executive Board may extend the deadline for appeal if in its judgment an unavoidable delay in communications or other valid cause prevented a timely appeal. If an appeal has not been filed by the deadline the recommended sanctions shall be placed into effect. No appeals shall be permitted in cases where the Ethics Committee has found in favor of the respondent and has recommended no sanctions.

(e) Upon appeal, a review of the facts and the appropriateness of the recommended sanction shall be undertaken by the Executive Board. The person against whom the sanction has been recommended, as well as the person filing the initial complaint, shall be given notice of the time and place the Executive Board will review the case. The person against whom the sanctions have been recommended shall have the right to appear before the Board and present evidence from the record. Any person appearing before the Executive Board upon appeal may be represented by counsel with the permission and at the sole discretion of the Executive Board. In all appeals the recommended sanctions imposed by the Ethics Committee shall not be in effect until the appeal hearing is completed. The recommended sanctions shall be either confirmed, modified, or revoked by the Executive Board.

(f) If the person against whom sanctions have been recommended is a member of the US Chess Executive Board, he or she may not appeal the sanctions to the Executive Board, but may appeal to the US Chess Board of Delegates at its next scheduled meeting.

(g) If any member of the Ethics Committee or of the US Chess Executive Board has a conflict of interest of any kind that might preclude objective participation in the consideration of any case, that person may not act in the capacity of a committee or board member on the case.

All Delegates and Alternate Delegates are voting members.

SECTION 3. REGISTRATION.
Eligible members who are not already registered as Voting Members must register with the USCF office by May 1 to be eligible to vote in that year’s regular election, except that all members who are selected as USCF Delegates, Alternate Delegates or Executive Board members are automatically registered as Voting Members. There is no registration fee. Once registered, a member’s status as a Voting Member continues as long as he or she is a member. When a membership lapses, Voting Member status ceases and the member must, after rejoining, again register by May 1 to be eligible to vote in that year’s regular election.

SECTION 4. MEMBERSHIP REQUIREMENT.
In order to vote in a regular election, registered Voting Members must be USCF members on May 5th of the election year, for the entire day Central Time.

1. The eligibility dates for voting in the election shall be part of the call for the special election and should use cutoff dates equivalent to the above based on when the ballots are expected to be received by the voting members.
2. The registration deadline for those not already registered shall be the same as the deadline for the submission of nominating petitions.
SECTION 6. ELECTRONIC VOTING:
Should USCF implement an electronic voting system as an alternate to using paper ballots, voting members who do not receive Chess Life by mail every month will only be entitled to vote using the electronic voting system unless they request a paper ballot by writing to the USCF office prior to May 1st for a regular election or the equivalent cutoff date for a special election.

SECTION 7. AMENDMENTS TO ARTICLES OF INCORPORATION:
In accordance with the Articles of Incorporation, the approval of the Voting Members is required to amend the Articles of Incorporation. The Board of Directors must present any such amendment for discussion at a regular or special meeting of the Board of Directors before submitting such amendment to the Voting Members. Amendments will be approved if supported by a 2/3 majority of the Voting Members who cast a vote on the amendment in an election that is called in accordance with the election provisions in the bylaws of the USCF.

Article V: Board of Delegates

SECTION 1. RESPONSIBILITY
In accordance with the Articles of Incorporation, the Board of Delegates shall be the legislative body of the USCF. The Board of Delegates shall be the authoritative body of US Chess to determine the policies that shall govern US Chess in all of its activities. Among other things, it shall have the authority to amend the Bylaws and the USCF Official Rules of Chess, approve the annual budget, approve the sale of real estate owned by the USCF, approve any borrowing secured by real estate owned by the USCF, establish, amend or revoke one or more trusts for the management of Life Member assets and appoint or remove one or more Trustees for the purpose of administering said trusts, and supervise the ethics compliance process of US Chess.

SECTION 2. NUMBER.
The Board of Delegates shall be composed of the Executive Board members, the Delegates at Large, and 125 Delegates, apportioned among the states in proportion to their resident USCF membership as of May 31 of the year prior to Delegate elections, except that each state with thirty or more members must have at least one Delegate. Each state with 1000 or more USCF members must have at least two Delegates. In addition, any Executive Board member-elect who is not already a Delegate becomes a Delegate immediately upon certification of the election result.

SECTION 3. ALTERNATE DELEGATES.
There shall be 125 Alternate Delegates, with each state having one Alternate Delegate for each Elected Delegate. All Life Voting Members under previous editions of these Bylaws shall automatically become Additional Alternate Delegates if they are not elected as Delegates.

SECTION 4. SELECTION OF DELEGATES AND ALTERNATE DELEGATES.
State Chapters shall designate the initial Delegates and Alternate Delegates for their states, as provided for in Article V, Sections 2 and 3, submitting the Delegates and Alternate Delegates in ordered lists. State Chapters must designate their initial Delegates and Alternate Delegates after the conclusion of the Annual Meeting, by November 1 of that year, or as soon thereafter as feasible. The term of each Delegate shall commence on January 1 for the year for which selected and continue for one year and thereafter until a successor is selected and qualified.

SECTION 5. MISCELLANEOUS
A. Vacancies. If one or more Delegates and higher-ranked Alternate Delegates from any state are not present or are unable to attend the Annual Meeting, they can be replaced by Alternate Delegates only if the Delegates and higher-ranked Alternate Delegates resign in writing, except that for each state, if Alternate Delegates are available to attend the Annual Board of Delegates Meeting, those Delegates who have not picked up their credentials by 9:30am of the first day of the Delegates’ meeting will be deemed to have resigned as Delegates and the available Alternate Delegates will become Delegates per the ordered list. If a Delegate or Alternate Delegate gives advance notice of a delay in arrival by signed fax or email or telephone call to the USCF President or Secretary, such a Delegate or Alternate is not deemed to have resigned unless their credentials are not picked up by 2pm on the first day of the Delegates’ meeting. The Delegates deemed to have resigned will only be those equal in number to the available Alternate Delegates and will start with the lowest ranked Delegate on the ordered list per Article V, Section 4.

SECTION 19. SEVERABILITY.
If a court of competent jurisdiction shall hold a portion of these Bylaws to be invalid, the remainder of the Bylaws not so held invalid shall remain in full force and effect.

Revision Date: 12/07/2017
**Accessibility and Special Circumstances**

**JANELLE LOSOFF, CHAIRMAN; SEAN MANROSS, VICE CHAIRMAN**

This committee was approved for creation by the Executive Board in 2015. Its original name was the Special Needs and Circumstances Committee. The committee was dormant until the Spring of 2016 when the Executive Board appointed its first chairman. The committee took members from its first workshop meeting and got to work. At the recommendation of the Special Needs and Circumstances Committee membership, the Executive Board renamed the committee to the Accessibility and Special Circumstances Committee in June of 2017.

**Article II: Purposes**

**Section 1.** The purpose of the Federation … The Federation shall encourage and support chess programs for handicapped individuals and the participation of handicapped in chess activity, including, where feasible, the expansion of opportunities for meaningful participation by handicapped individuals in all chess competition.

ADM 15-27. *Resolved: The Delegates authorize the establishment of a new committee to assist players with special needs and circumstances in overcoming barriers to participate in and enjoy USCF tournaments. This committee shall report to the executive board.***

**Mission**

The mission of this committee is the fulfillment of Article II, Section 1 of the Bylaws of US Chess in accordance with ADM 15-27. In addition, this committee takes on an outreach mission to increase the number of underrepresented players who participate in US Chess events and who have disabilities and/or impairments and/or who may need special and reasonable accommodations made to the mode of play so they may play a legal and fair game of chess. In order to attract more players, we resolve to educate tournament directors and event organizers how to make reasonable accommodations to the mode of play, to make the game of chess safer, more comfortable, dignified and fairly for all players with impairment/disabilities within an integrated open tournament, club, school and/or match setting. We resolve to educate players also, so they may know how and when to ask for reasonable accommodations. By our efforts we hope to create a more accessible and inviting chess culture that in turn will permit an organic growth of membership and participation.

**Objectives**

- Research and develop written accessibility and inclusion policy, guidelines, and procedures for review/approval by the Executive Board and/or Delegates;
- Work in cooperation with other organizations as directed by the Executive Board or the Executive Director;
- Prepare approved policy and guidelines for publication in appropriate public-facing mediums to include, but not limited to, written guidance to players, TDS, prospective organizers, chess coaches, websites, and articles in chess magazines;
- Work with other US Chess committees (e.g. Rules, TDCC, Scholastic, Chess in Education, Outreach, Ethics, Anti-Cheating) to:
  1) Develop accessibility and inclusion policies, guidelines, and procedures that US Chess may use to increase participation by players with disabilities;
  2) Clarify and update existing policy (once it is published);
  3) Review and revise best practices for reasonable accommodations to the mode of play made by organizers and TDS to assure safe, comfortable, dignified, and fair play for all players;
  4) Write Guidelines for the Treatment of Chess Players with Disabilities to be used to train chess tournament direction officials, chess teachers, chess coaches, players’ aides, and player advocates to make them more effective in providing a safe, comfortable, dignified, and fair environment for play. This is our most important and most urgent work and will remain an on-going, living document of US Chess governance;
  5) Support participation by players with disabilities in integrated US Chess rated events;
  6) Monitor instances of accessibility and inclusion failures or abuse of accommodations in order to improve policy and best practices for accessibility and inclusion, in anticipation of emerging issues to US Chess, as well as make expert recommendations to the Ethics and/or Rules Committees in the event of possible violations.

**Committee Member Qualifications**

Persons appointed to the committee should be members in good standing of US Chess and remain in good standing throughout their service to the committee. Ideal members will have working knowledge or experience in at least two of the following fields: Tournament Direction, Tournament Event Organization, Health, Education, Special Education, Psychology, Communications, U.S. Law and/or direct experience in, or with the community of persons with disabilities.
Philosophy
The current leadership and majority of our committee members subscribe to the Social Model of Disability as described by Professor Mike Oliver, Emeritus Professor of Disability Studies at the University of Greenwich, UK. The Social Model of Disability identifies systemic barriers, negative attitudes, and exclusion by society (purposely or inadvertently) that means society is the main contributory factor in disabling people. While physical, sensory, intellectual, or psychological variations may cause individual functional limitation or impairments, these do not have to lead to disability unless society fails to take account of and include people regardless of their individual differences. Professor Oliver did not intend the 'social model of disability' to be an all-encompassing theory of disability, rather a starting point in reframing how society views disability. The Social Model focuses on changes requisite in society to empower and increase ability in people with physical, mental, or emotional impairments.

Person First Language
Words are important. We need to be careful how we use them. Since US Chess seeks to increase membership and participation among persons with disabilities, it’s wise not to go against the sensibilities of the population that we are trying to include. We must, instead, find ways to communicate with and about people with disabilities in ways that they find acceptable. Following our committee’s research, and on the advice of Dr. Martha Underwood and our other professional consultants, we now endorse adherence to the use of person-first language.

Examples of person-first language may include, but not be limited to: “person with disabilities,” “person with impaired vision,” “chess player with limited mobility,” and “player with disabilities.”

The Accessibility and Special Circumstance Committee has unanimously voted to accept person-first language for its own use and has recommended to the Executive Board that they adopt this language as well. In the future we may recommend that this language be phrased into other US Chess documents.

Terms such as “differently-abled person,” “disabled person,” “blind person,” “crippled person,” “disabled player,” or any other potentially derogatory terms that risks being deemed pejorative, should slowly be phased out. This will take years to achieve, but we have made a start in identifying the problem and asking for open dialogue towards that end.

Accessibility and Special Circumstance Person of the Year Award
In October of 2017 our committee received a proposal to recognize, starting with year-end 2017, a Special Needs/Disabled Player of the Year. Criteria will be determined by the Special Needs Committee in coordination with the Executive Board and Executive Director. The committee recommended multiple new titles for this award in person-first language; the Executive Board finally accepted “Person of the Year.”

The award was originally designed as an annual honor that could be given to any player, organizer, arbiter, tournament director, philanthropist, chess governance official, or any other friend of our sport who has most actively facilitated the accessibility, inclusion, and empowerment of chess players in the United States. The intended use of this award is to recognize a US Chess member outside of this committee, who has already advanced accessibility, inclusion, and ‘Access-Enabled’ events by leading by example. This award could then be used to recruit the award winner as a new member of the Accessibility and Special Circumstances Committee and call attention to the winner’s work, which we hope will inspire others to replicate it. When we failed to receive names of nominees from our committee members, our committee leadership made a one-time decision to nominate three (3) outstanding professionals from within our committee. The names were submitted to our Executive Board Liaisons and the winner or winners will be chosen on merit. This award will be given annually at the US Chess Governance Meeting.

Access-Enabled
The term “Access-Enabled” is a term coined by Janelle Losoff, chairman of this committee, in 2017. The union of two positive words (a “double-positive”) embraces the Social Model of Disability, mentioned the Philosophy section, above. According to Chairman Losoff’s vision, an Access-Enabled event is physically accessible; it is inclusive, the environment is safe and comfortable, the treatment is dignified, and the play is fair for all chess players, no matter their impairments or disabilities. The focus here is on our responsibility to enable and empower players to play their best games. An integrated Access-Enabled and US Chess rated event is the ideal. When this ideal chess event is realized and commonplace, this committee will have finished its work in US Chess. At that time, US Chess may choose to take the lead and advance this ideal within the global chess community.

Platform: “J’adoube”
Some members of our federation may think that achieving our Access-Enabled goals means that US Chess must suddenly and totally change its culture. This is not so. We can and will increase membership and participation of players with disabilities by making small adjustments to assure organic growth over time.

Therefore, the US Chess Accessibility and Special Circumstances Committee has determined to formally adopt this official platform, accordingly coined, J’adoube:

J: Juxtapose Accessibility vs. Ableism in order to demonstrate to organizers, arbiters, and tournament directors that an accessible environment and ableism are mutually-exclusive; this will be accomplished by highlighting the signs of ableism.

A: “Access-Enabled” – “A truly access-enabled environment bridges all barriers to access for all players, regardless of the nature of his or her abilities or disabilities. Players from all walks of life, [from] all races, all cultures, all belief systems, and all financial, physical, and mental abilities are encouraged and enabled to participate in their chosen sport, with the guarantee of safety and security, free from the fear of discrimination or belittlement and with unwavering promise of dignity, sportsmanship and fairness,” says Seth Manross, vice chairman. Chair Janelle Losoff elaborates: “An access-enabled tournament environment is safe, comfortable, dignified, and fair for all players.”

D: Disabled but never Different is the mantra that promotes respect and inclusion for all chess players, regardless of the nature of their special circumstances.

O: Outreach to Populations that are Disabled and Differently-abled will create a boon of membership from a relatively untapped subset of the potential constituency of US Chess.

U: Understanding the needs of underserved facets of the US Chess constituency and strategically targeting them for outreach efforts first, in order to create a myriad of new and burgeoning “Access-Enabled” chess communities, around the nation.

B: Building Bridges by Breaking Barriers to access, including financial hardships, physical and mental disability and ableism, will increase the rate at which official, rated tournaments are held and, therefore, the rate at which memberships increase, around the nation.
The curriculum for the National Accessibility Advocate Seminar is already in the process of being designed and will serve as a standardized course. It will be offered by sanctioned and certified National Chess Accessibility Advocates Trainers who will organize seminars in cooperation with US Chess.

Footnotes:

Research and Development
This committee is still in a steep learning curve. Individually and collectively, we are consulting with experts and reputable organizations in the fields of health, education, accessibility, law, and chess to gain knowledge, insight, methods, and resources. This research will be ongoing.

Our committee is developing a set of “best practices” for making reasonable adaptations to the mode of play for players with disabilities that may be applied to future, access-enabled, US Chess rated events. These best practices will have recommended procedures, TD tips, and supports for players, players’ aides, and advocates. All of these will be contained within a two-volume set of documents called The Guidelines on the Treatment of Chess Players with Disabilities. Currently, this is the committee’s most important work. All the contents of these guidelines must be approved by US Chess. We hope to have the guidelines available to the publish in paper and in an accessible and searchable format online. This is still in research.

Eventually we wish to see the guidelines become the field of expertise of a new, certified US Chess volunteer system that supports both players and chess officials within US Chess. This program is still in R&D. See National Chess Accessibility Advocate Program below.

The Guidelines on the Treatment of Chess Players with Disabilities
The Subcommittee for the Creation of Guidelines on the Treatment of Chess Players with Disabilities will be creating two living documents along the same principles and design methodology as Roberts Rules of Order: 1) a large, encyclopedic edition of the Guidelines, which will serve as support mechanism for tournament organizers, arbiters, and directors, providing guidance for even the most extenuating of circumstances, and; 2) a concise version, very much akin to Roberts Rules in Short, which will inform players and assistants of their accessibility rights and privileges, as well as how to seek aid in the event that such accommodations are found to be wanting. Furthermore, no claim to absolute, unbridled excellence will be made by the first edition of the Guidelines; rather, much akin to Roberts Rules of Order, these Guidelines will be continually and perpetually be updated by this committee to include new information as needed and directed by US Chess.

National Chess Accessibility Advocate Program
When the Guidelines are completed, this Advocate will ask the Executive Board to support a certification program for volunteers who have read The Guidelines for the Treatment of Chess Players with Disabilities in Short, who have participated in a US Chess-sanctioned seminar that introduces them to these guidelines at a more intimate level, and who have successfully passed an examination at the end of that seminar. These certified volunteers will aid both players and TDs find reasonable adaptations to the mode of play for chess players with disabilities. In doing so, these advocates will advance the best practices of access-enabled chess within and in support of US Chess.

Barber Tournament of K-8 Champions
JON HASKEL AND STEPHEN SHUTT, CO-CHAIRS, DEWAİN BARBER, COMMITTEE MEMBER

We ask all delegates to help pass the word to their state scholastic coordinator that their Denker, Barber, and NGTOC representatives should register for their hotel room at the U.S. Open as early as possible. It has become increasingly more frequent for hotels to sell out their chess room block early. Often there is not a nearby hotel and it is not advisable for a young person to walk through unknown neighborhoods late at night after a long day of chess. For some states, the availability of rooms runs out before the state holds its scholastic championships. In those instances, perhaps a state scholastic person could reserve rooms in advance for their state’s youthful representatives.
As part of the Denker, Barber, and NGTOC tournaments, we hold a state versus state competition in which each state’s representatives combine their scores for a cumulative team score. With this year’s plans to have a tournament of senior champions from each state, we have been approached about the possibility of including the senior representative in the state versus state team competition. We are seriously considering this idea and welcome feedback.

**2017 BARBER RESULTS**

**August 1, 2017**

Congratulations to Christopher Shen (OH), rated 2307, who scored 5/6 to tie for first place with Justin Wang (TX), rated 2330. Shen and Wang drew each other in round five, setting the stage for the final round, where both needed a win to stay on top. Although Christopher and Justin were declared co-champions of this event, Christopher won on tie-break and will receive a $5,000 college/university scholarship to the school of his choice. Justin, however, won the $500 Stephen Shutt Chess Camp Scholarship for best result under the age of 13.

The five-way tie (4½/6) for second place included Owen McCoy (OR), Aydin Turgut (IL), Justin Chen (NY), Jason Yu (WA) and Pieter S. Heesters (MD).

The strong field included eight masters and 14 experts among the forty-eight participants.

**Illinois clear first in State Team Competition**

Congratulations to Illinois on their first-place finish (14/18), ending any doubt that their state team average (2242) was strong enough to take the top spot. Their team was led by Denker representative, Zhaozhi [George] Li (5/6). Barber representative Aydin Turgut (4½/6) and National Girls representative Marissa Li (4½/6) completed the effort. The second-place team, Washington state, with a team average of 2172, finished a half-point behind Illinois, followed by Texas (2180), which took clear third.

State Team winners in the under sections were Alabama (Under 2100), Indiana (Under 1900) and Idaho (Under 1700). Complete results can be found here:

**Bylaws**

**HAROLD WINSTON, CO-CHAIR**

The Bylaws Committee advises the delegates and executive board on bylaws and governance issues. When votes are listed, the first number means in favor, the second opposed, the third abstentions, and the last means needs more thought.

The delegates referred only one motion to the committee: a proposal to come up with a substitute for ADM 17-33 (a proposal from Allen Priest and Chuck Unruh to adopt a Conflict of Interest Policy, which took three pages and provided that delegates and committee members would have to sign annual statements, that periodic reviews would be conducted, and that potential conflicts would be resolved by the executive board). That proposal was not supported by either the Bylaws Committee or the Bylaws workshop in 2017; however, a motion was made for the committee to come up with a substitute proposal.

A subcommittee was formed. Chaired by former US Chess President Gary Walters, it also included Robert Messenger, David Mehler, Guy Hoffman, and Harold Winston. The subcommittee came up with a shorter one-page version that does not require annual signing of statements and focuses on economic conflicts of interest. It also calls for the delegates to elect a conflict of interest committee to determine if conflicts of interest exist right after the Parliamentarian is chosen. I thank Gary Walters for his drafting work.

The committee proposal, on the agenda under, “Old Business,” is simpler than the original proposal. There is a real question whether any such proposal is needed since I do not recall specific delegate proposals that favored the interest of only one delegate or only a few delegates. However, I believe the committee made a substantial improvement on the original motion. The committee voted 12-0-1-1 in favor of the proposal; one member stated more thought was needed.

Next, the committee’s attention was drawn to Delegate Actions of Continuing Interest (DACI) 18, “Presenting Committee Reports,” which provides that all annual committee reports not published in the annual report will be presented to the delegates after published committee reports “and will be limited to a ten-minute presentation” and dates from 1994. Recently, however, the committee reports have not been published in the annual report but have instead been in the *Delegates Call*. Also, it has been our practice for a number of years to include the following wording in the delegates agenda under Committee Reports: “Due to time constraints all committee reports will be included in this year’s *Delegates Call* or distributed as handouts at the meeting.” Accordingly, the Bylaws Committee is proposing updating the wording in DACI 18 as follows: “All annual committee reports not published in the *Delegates Call* will be distributed as handouts at the delegates meeting.” The committee voted 12-1 in favor of that wording; co-chair Guy Hoffman prefers the wording “may be distributed.”

Finally the Executive Board asked all committees to come up with description of their activities. Our committee proposes:

“The Bylaws Committee advises the executive board and the delegates concerning both the substance and wording of proposed bylaws changes. The committee also monitors the Delegate Actions of Continuing Interest.” The committee voted 13-0 in favor of that wording.

My thanks to all committee members, starting with co-chair Guy Hoffman (WI), and including vice chair Richard Kopeci (NCA), Gary Walters (OH), Robert Messenger (MA), Myron Lieberman (AZ), John McCrary (SC), Randy Hough (SCA), Robert Persante (FL), David Mehler (MD), Gary Kitts (MI), Steve Immitt (NY), Gerald Larson (AL), and our liaisons Allen Priest (KY) and Mike Hoffpauir (VA).

Everyone is welcome at the annual Bylaws workshop, which will be held in Middleton, Wisconsin on Friday, August 4, at 9 a.m., at the playing site of the 2018 U.S. Open. If you have any other proposals dealing with governance or bylaws, please contact me as soon as possible at HFWinston@aol.com.

**Chess in Education**

**RENAE OTTERBACH, CHAIR**

This year’s focus for the Chess in Education Committee was creating a sustainable, conceptual framework to address the needs of the chess education community. The framework was developed from data collected from different sources, including the committee meeting in Norfolk, a chess education committee questionnaire, and discussions with various stakeholders.
Some possible activities for Goal 3 are:

- Video Conference meetings between chairs and co-chairs of chess-related committees to discuss activities and identify topics of common interest;
- Identifying venues for collecting data on students' experiences with chess and chess-related activities;
- Identifying venues for collecting data on the experiences of chess educators and identifying venues for effective support.

Other committee activities include publishing articles that provide insights into the impact of chess and chess training on students' lives. For example, Dr. Alexey Root's article, "Chess Changing Academic Trajectories: How chess can alter students' educational goals," appeared in the May 2018 issue of Chess Life on pages 40-43.

### Clock Working Group

**REPORT PREPARED BY RYAN VELEZ AND PROOFREAD BY MIKE HOFFPAUIR & ALLEN PRIEST**

#### Clock committee 2016–2017 Review

During our first year, the Clock Working Group members and our board liaison Mike Hoffpauir reviewed various clocks we owned. The reviews were handed out at the delegates meeting in Norfolk, Va. and were posted on the US Chess website. The reviews were done on a form developed by Mike Hoffpauir, with each clock given a numeric rating based on the total score with accompanying notes.

#### Clock committee 2017–2018 Review

Board liaison Mike Hoffpauir created a Clock Working Group charter which was reviewed by the other members. The charter clearly outlines the goal and purpose of this group. Essentially, we are to review clocks to determine US Chess compliance. We also consider the clock's ease of use.

#### Recommendations

The Clock Working Group would best serve US Chess by creating a clock makers' and sellers' guide. The guide would contain information about how to make a clock US Chess-compliant. Ryan Velez has agreed to develop a first draft for review by the Clock Working Group and Rules Committee. The guide will provide clock makers with a blueprint for what is needed to create compliant clocks. It will also provide sellers with a list of questions to ask clock makers about their products to help them determine which clocks the public would be interested in buying.

Once this guide is created, the Clock Working Group may not be needed anymore. We recommend turning the guide over to the Rules Committee to be updated as needed. However, as the desired functions and rules surrounding clocks do not change that often, we believe this guide will be very low maintenance.

### College Chess

**AL LAWRENCE, CHAIR**

The college chess competitive cycle opened with a more-than-triple-crown winner but ended with a dark horse.

From December 27-30, committee member Kelly Bloomfield of host Ohio State University meticulously organized the 64th Pan-American Intercollegiate Team Chess Championship (Pan-Ams) in Columbus, Ohio. Grant Perks directed the event without a hitch. The US Chess Trust supports the tournament annually. This year an additional sponsor, Akuna Capital of Chicago, provided refreshments for the players at the start of each round.

The previous year's turnout of 60 teams in the tourist destination of New Orleans was unequalled since the 1982 version of Columbus. With weather in mind, some may have had a concern about turnout for the December event in the Midwest. Frankly, Columbus was cold, even for the team from Anchorage, Alaska. But the Ohio capital
showed that being in the center of things and offering a solid reputation for organizing successful events were also important and attracted 58 teams. The Pan-Ams is, of course, an international event. This year, half a dozen non-U.S. teams competed: two teams from Mexico and four from Canada, including Toronto Hart House, a six-time champ. As always, the four-board squads played team-on-team, paired under the Swiss system. Colleges can enter more than one team. Match points are primary. Webster University and its 2700-rated team won the Pan-Ams in clear first. Saint Louis University (SLU), Texas Tech University (TTU), and the University of Texas-Rio Grande Valley (UT-RGV)—all a half-point back—followed Webster to the Final Four of College Chess in New York City in March. (Please see the March 2018 Chess Life for more details on the 2017 Pan-Ams.)

In the surprise result at the Final Four, dark horse UT-RGV won the national championship title by amassing the most game points. Webster was a close second, TTU third, and SLU fourth.

**Two Sigma and Booz Allen Hamilton sponsorship**

Sponsors Booze Allen Hamilton (BAH) and Two Sigma continue to support college chess by providing generous stipends to the schools qualifying for the Final Four and full funding of a first-class event, held again this year at New York City’s Marshall Club.

With BAH's and Two Sigma’s backing through the US Chess Trust, tournament organizer Mark Herman, a retired division head for BAH, has, with the support of now-US Chess President Mike Hoffpauir, burnished the Final Four for eight straight years, this year expanding the massive base of the President’s Cup trophy to make room for new winners while keeping the complete history. Herman has also developed an online live broadcast of games, with commentary from GMs Max Dlugy and Irina Krush that draws thousands of viewers around the world.

Both the Pan-Ams and the Final Four of College Chess are nonprofit events that each year depend on volunteers. Both are sanctioned by US Chess as national championships.

**New national college championship?**

So far, the Pan-Ams is the only US Chess national college championship open to all U.S. teams. But we’re having discussions about the possibility of adding to the calendar a College Rapids event, probably a one-day Saturday event. Such an event could give schools not qualifying for the Final Four a follow-up to the Pan-Ams.

**New vineyards for college chess**

While growing the event from the dark days of the Pan-Ams when only 20 teams attended, our committee has lamented the lack of participation of West Coast universities. It was time to bring the mountain to Mohammed. So the 2018 Pan-Ams will be held December 27-30 in New York City’s Marshall Club.

With BAH’s and Two Sigma’s backing through the US Chess Trust, tournament organizer Mark Herman, a retired division head for BAH, has, with the support of now-US Chess President Mike Hoffpauir, burnished the Final Four for eight straight years, this year expanding the massive base of the President’s Cup trophy to make room for new winners while keeping the complete history. Herman has also developed an online live broadcast of games, with commentary from GMs Max Dlugy and Irina Krush that draws thousands of viewers around the world.

Both the Pan-Ams and the Final Four of College Chess are nonprofit events that each year depend on volunteers. Both are sanctioned by US Chess as national championships.

**Denker Tournament of H.S. Champions**

**STEPHEN SHUTT AND JON HASKEL, CO-CHAIRS, DEWAIN BARBER, COMMITTEE MEMBER**

We ask all delegates to help pass the word to their state scholastic coordinator that their Denker, Barber, and NGTOC representatives should register for their hotel room at the U.S. Open as early as possible. **2017 DENKER RESULTS**

**August 1, 2017**

The 2017 Denker resulted in a four-way tie for the top position, with each co-champion scoring 5/6. Praveen Balakrishnan (VA), rated 2478, brought the home state advantage into play. The other three co-champions were Edward Song (MI), rated 2411; Bryce Tiglon (WA), rated 2442; and Zhaozhi [George] Li (IL), rated 2408. The winner on tie-break was Praveen, who will receive a $5,000 college/university scholarship to the school of his choice. Praveen also won the $500 Ursula Foster Scholarship for best result under the age of 16.

Sungho Yim (AZ), rated 2358, and Ryan Sowa (RI), rated 2307 finished in a two-way tie (4/6) for second place. Third place had a three-way tie that included Gabriel Bick (CA-N), rated 2333; Emmanuel Carter (NC), rated 2259; and Ryan Swerdlin (CO), rated 2245.

With 22 masters among the 48 participants, clearly this was one of the strongest fields to participate in the Denker to date.

Further details can be found here:

**Illinois clear first in State Team Competition**

Congratulations to Illinois on their first-place finish (14/18), ending any doubt that their state team average (2242) was strong enough to take the top spot. Their team was led by Denker representative, Zhaozhi [George] Li (5/6). Barber representative Aydin Turgut (4½/6) and National Girls representative Marissa Li (IL), rated 4½/6 completed the effort. The second-place team, Washington state, with a team average of 2172, finished a half-point behind Illinois, followed by Texas (2180), which took third clear.

State Team winners in the under sections were Alabama (Under 2100), Indiana (Under 1900) and Idaho (Under 1700). Complete results can be found here:

Election

KEN BALLLOU, CHAIR

The committee received nomination petitions from four individuals. The committee certified the candidacies of Ms. Anjelina Belakosvaia (AZ), Mr. Randy Bauer (IA), Mr. Ryan Velez (KY), and Mr. Lakshmana Viswanath (TX) for the two executive board seats to be filled in this year’s election.

The current executive board members are as follows:

- Terms expiring in 2018: Ms. Anjelina Belakosvaia (continuous service since 2015), Mr. Lakshmana Viswanath (continuous service since 2017).
- Terms expiring in 2019: Mr. Mike Hoffpauir (continuous service since 2016), Mr. Charles D. Unruh (continuous service since 2016).
- Terms expiring in 2020: Mr. Mike Nietman (continuous service since 2010), Mr. Allen Priest (continuous service since 2011), Mr. Hal Sprechman (continuous service since 2017).

Article VI, Section 7 of the US Chess Bylaws limits executive board members to no more than three consecutive terms of service, excluding partial terms of less than half a full term. None of the executive board members with terms expiring in 2019 will be term limited from running for re-election under the current bylaws. Mr. Nietman and Mr. Priest will be term limited from running for re-election in 2020. Mr. Nietman will have served three full terms (2011-2014, 2014-2017, and 2017-2020) as well as a partial term of one year (2010). Mr. Priest will have served three full terms (2011-2014, 2014-2017, and 2017-2020).

Ethics

DAVID A. HATER, CHAIR

This annual report of the Ethics Committee will focus on six areas of discussion:

1) Report of cases considered in 2017-2018 (through May 6, 2018);
2) Report to delegates on ADM 17-31 relating to cases involving minors;
3) Discussion of the mission of the committee as it relates to investigating cases;
4) Good faith deposit;
5) Recent perceptions that the committee does not adequately address ethics violations;
6) Requirement that a person must be a member to be named as the subject of an ethics violation.

CASES CONSIDERED IN 2017-2018

As of May 6, 2018, the Ethics Committee has accepted jurisdiction in ten cases. As of that date the committee has finalized disposition on four cases. The four cases involved four different types of violations of the Code of Ethics: 1) failing to honor an agreement to hire a TD for multiple events; 2) using another TD’s credentials to rate an event; 3) manipulating ratings by submitting fictitious results and/or playing in private or closed events; and 4) using chess software while playing a tournament game.

In case one, the committee found for the respondent. In case two, the respondent was found guilty of an ethics violation and their membership was suspended for six months (additional penalties were applied by the Tournament Director Certification Committee (TDCC)). In case three, multiple respondents were found guilty of multiple violations of the code of ethics. Memberships were suspended from two to six years. Additional sanctions were also assessed by this committee as well as TDCC. In case four, the respondent was found guilty of an ethics violation and their membership was suspended for six months.

The remaining six cases deal with the following: 1) manipulating a rating to qualify for a particular event; 2) failing to engage in “fair play” by failing to follow bylaws in the governance of an organization; 3) banning a player from events without either due process or just cause; 4) and 5) extreme lack of sportsmanship and respect for opponents and/or TDs; and 6) using software during a tournament game.

I would note that in 2016-2017, 14 cases considered were considered. Depending on how many cases are received in the last quarter of this term, we could possibly meet or exceed last year’s total.

REPORT TO DELEGATES ON ADM 17-31

At the 2017 annual meeting in Norfolk, ADM 17-31 was proposed. It dealt with ethics cases involving minors. It was discussed for many hours at the event and included conversations with the makers of the motion, significant discussion in the Ethics Committee workshop, and on the floor of the delegates meeting. Eventually the motion was amended several times and then was referred to the Ethics Committee. The Ethics Committee agreed to adopt the motion in its entirety, adding the following provision to its formal internal procedures (by a vote of 10-0, with one abstention):

“The committee shall annually appoint an ombudsman from among its members who shall have responsibility for reviewing complaints in which the potential respondent is below thirteen years of age. The ombudsman will examine the complaint and shall have authority to dismiss it outright, refer it to another committee or to seek an informal, negotiated settlement by communicating directly with the complainant and the respondent. The complainant shall have the right to appeal the ombudsman’s decision to the full committee, in which case the normal jurisdiction procedure will apply.”

By using an ombudsman, the committee avoids notifying a young member that he or she is the subject of an Ethics Code violation if the case lacks merit.

At the November 2017 executive board meeting, the executive board (EB) passed a motion requiring that EB-appointed committees consult a Scholastic Council liaison in all cases involving members under age 18. The EB requested that the Ethics Committee follow the same procedure. Because the Ethics Committee is delegate appointed, the EB motion is not binding on the Ethics Committee. The Ethics Committee declined to implement the EB motion.

The committee was not aware that the EB intended to discuss this procedure at its November 2017 meeting; therefore, the committee had not notified the EB that it had already adopted a procedure to address this concern. The Ethics Committee believes that the procedures set forth in the motion quoted above are well thought out, balanced, and sufficient. Specifically, at the 2017 delegates meeting, there was much discussion regarding how to implement the intent of ADM 17-31 in cases involving minors. Various stakeholders all presented their views. Ultimately, after many hours of discussion, it was agreed that the age would be 13 rather than 18 and that an ombudsman would be appointed from the membership of the Ethics Committee. Our position is that the newly-adopted Ethics procedure quoted above was made as a result of a deliberate discussion among numerous stakeholders and that it is not appropriate to impose a
Delegates Call 2018

US Chess currently has no procedure for sanctioning people for violating the code of conduct. A member has the right to produce written evidence in his or her behalf. Paragraph 5 of the internal procedures of the Ethics Committee states:

“The committee will only rarely do case research or solicit statements.”

Several members have complained that it should not be an individual member’s responsibility to gather evidence, only to complain that a violation has occurred. While there is some merit to that suggestion, a committee of volunteers with no allocated budget cannot be expected to assume the burden of investigating every allegation. If the members of US Chess want US Chess to assume a more active investigative role, this will need to be done with a paid employee. That obviously has resource implications. In the past, US Chess has employed a Technical Director who performed similar functions. Whether US Chess wants to pay for an investigative function is a policy decision that is beyond the scope of this committee. The position of the Ethics Committee is that the volunteer Ethics Committee does not have the resources to conduct investigations into complaints made by any US Chess member.

GOOD FAITH FEE

In order to file a complaint with US Chess, an individual must pay a $50 good faith fee. The fee is returned unless it is determined that the case is “frivolous.” All committees with the authority to sanction members (TDCC, Rules, FIDE, & Ethics) require that the $50 fee be paid before a case will be heard. The fee was set at $25 and stayed at that level for over a decade. Various committees determined that there were frivolous complaints being filed and the fee is meant to act as a deterrent to frivolous cases while at the same time keeping the process accessible to all. By a 2/3 vote, the committee can waive the requirement to pay the fee, and in fact, we have done that in a number of cases where complainants claimed they could not afford the fee.

Some members have complained that when you call the police to complain about a crime, you don’t have to pay $50. They further complain that requiring a victim to pay $50 is outrageous and many will decline to do so. First, relative to the issue of calling the police, there is no investigating function or policing function that exists independent of a member filing a complaint. While it is true that you do not have to pay $50 to call the police, it is also true that if you misuse the police, you could be sanctioned for filing a false police report. Second, the analogy is problematic. A better analogy is filing a civil lawsuit. In a civil lawsuit, the complainant is required to pay a court filing fee and is also required to gather and present the evidence. US Chess currently has no procedure for sanctioning people who bring frivolous complaints (FIDE does have such a procedure) but does feel that the $50 fee serves as a deterrent against frivolous complaints. The $50 fee attempts to strike the correct balance between discouraging complaints without merit while not serving as a material deterrent to claims with merit.

RECENT PERCEPTIONS THAT THE COMMITTEE DOES NOT TAKE ACTION

The Ethics Committee operates under a strict code of confidentiality. This is a good thing and is necessary to protect the rights of everybody involved as well as legal issues involving privacy of individuals and due process rights. As such, much of what the committee does is not accessible to the general membership or even to the delegates themselves.

Hopefully, by summarizing the workload in section one, the delegates can get a sense of what we do. Last year, 14 cases were accepted for jurisdiction—a record number. The committee exchanged 906 emails. This year with 75% of the term concluded, we are at 10 cases and 1,268 emails.

One possibility that has been discussed is posting redacted versions of decision letters and/or summaries of cases (as was done in section one) as a way of filling in an information gap. We also believe it might have a deterrent effect.

Several members of the committee have heard the claim that we do not do enough when we find a violation and/or the penalty was either too severe or not severe enough. The committee’s experience is that the losing side of any ethics case generally feels that the committee got it wrong. The committee also notes that those who publicly criticize an ethics decision often make factual misstatements, sometimes due to lack of knowledge of all of the facts. Due to confidentiality, the committee is not able to correct these factual errors or otherwise respond directly to the criticisms. Without the necessary information, it seems to us that it would be difficult, if not impossible, for an unbiased, rational person to make a judgment as to whether a decision is reasonable or not reasonable. Even if summaries are published, the complete information will never be told outside of those with a need to know. The EB serves as an appeals body and the delegates ultimately have oversight over the process. The committee believes that perceptions of the decisions of the committee are based on incomplete information.

MEMBERSHIP REQUIREMENT

The Code of Ethics specifically states that it only applies to US Chess members. Specifically, paragraph 3a states that the Code of Ethics only applies to:

“(A) members of US Chess, that occur in connection with tournaments or other activities sponsored by or sanctioned by US Chess; and (B) individuals and entities acting in an official capacity as officers or representatives of US Chess. This code shall not apply to actions or behavior by employees of US Chess acting in the scope of their duties. Such actions fall instead under the province of the Executive Board.”

The internal procedures of the committee allow a non-member parent to file on behalf of a member who is too young to file for themselves. However, the requirement is that all affected parties (complainant and respondent) must be members.

Early in this term, the committee extensively discussed this requirement and re-affirmed the policy. The committee did decide, by a vote of 8-2 with one abstention, that the membership requirement is at the time of the alleged offense. A member does not escape jurisdiction by letting his membership lapse, nor can a member be found
liable for offenses committed prior to the member joining the organization.

The committee understands that there will likely be ADMs proposed to establish procedures to permit complaints to be filed against non-member involved parties. This would particularly be the case in scholastic chess involving parents or coaches. The committee believes current procedures adequately address the Code of Ethics. The committee has no ability to sanction a non-member. The US Chess rulebook explicitly states spectators have no rights. We believe if a spectator is disruptive, organizers or TDs have sufficient tools outside of the Ethics Committee. If a non-member acts on behalf of a member, then jurisdiction can be established. We ask the delegates to consider carefully the argument that US Chess has the authority to investigate and sanction people who are not US Chess members. We also note that the most common sanction is a membership suspension and ask the delegates to think carefully about what sanctions could be effectively imposed on non-members. We see no need to change the current system.

**FIDE Events**

**CAROL JARECKI, CHAIR**

This committee was organized a few years ago to assist in the coordination of FIDE’s rules and regulations with US Chess. Its original plan was twofold: to help with tournament and player problems and appeals in the U.S. that were affected by FIDE rules, and to help incorporate FIDE’s requirements into the general US Chess family. The executive board is currently drafting an official charter which, at least on paper, expands the committee’s oversight and responsibilities quite a bit. However, most of the issues included in the charter are already being very effectively covered directly by FIDE Events Manager, Grant Oen, in the main office.

So, it’s been relatively quiet this past year. However, 2018 looks to be a little livelier primarily because it is an Olympiad year as well as an election year (which occurs every 4 years) with a full contingent of General Assembly members.

As of this writing, I know only that the current acting president, Georgios Makropoulos, has announced his candidacy for the FIDE presidency. I don’t know the names of his team members yet.

Kirsan Ilyumzhinov had been adamantly fighting to run for re-election, but the board worked to convince him to retire honorably and not try to run again. The main problem is that FIDE cannot get a bank to take its account permanently as long as Ilyumzhinov is president because of U.S. sanctions against him.

At a heated Presidential Board meeting in March 2017, Ilyumzhinov declared he resigned, but after the board announced the resignation and Ilyumzhinov had returned to Moscow, he denied it, blaming the “coup” on the executive director and deputy president as well as “the Americans and Kasparov.” At an April 2017 special meeting, he again acknowledged his resignation although he would remain as inactive president.

At the October 2017 board meeting, the board ratified the April decision and voted 37-20 to convince Ilyumzhinov to abstain from trying to run for office in 2018.

The February issue of the FIDE Arbiters’ Magazine is available to read on the FIDE website under Arbiters Commission. Also, the 2018 Arbiters’ Manual is currently for sale from FIDE for 5 Euros each plus shipping.

These members of this FIDE Events Committee have re-enlisted: C. Jarecki, M. Atkins, C. Bird, S. Rohde, J. Haskel, K. Ballou, T. Rogers, S. Immitt, R. Haring, K. Regan, A. Relyea, T. Vibbert, T. Langland.

**Forum**

**BOB MESSENGER, CHAIR**

The US Chess Forums are a discussion area on the uschess.org website provided by US Chess to increase the enjoyment of and to advance the game of chess to both members and non-members. The US Chess Issues forum is restricted to US Chess members, while the Announcements, All Things Chess, Chess Clubs, Running Chess Tournaments, and Chess Life Articles forums are open to the general public.

Since August 2015, most comments on Chess Life articles have been posted through WordPress, although the Chess Life Articles forum is still available for commenting on older articles. The plan, as recommended by the Website Advisory Committee and approved by the executive director and the executive board, is that all of the existing forums will eventually be replaced by WordPress forums as one of the final phases of that multi-year project.

During the past year, Tom Langland and I have continued as moderators of the forums. Terry Winchester relocated as a moderator in April 2018; as of early May, his replacement has not yet been announced. Forum Administrator Mike Nolan has retired from US Chess but is continuing to help on an as-needed basis until US Chess hires a replacement.

The following table summarizes monthly forum usage between January 2015 and April 2018 for US Chess Issues, Running Tournaments, Chess Clubs, and All Things Chess:

**Hall of Fame**

**HAROLD J. WINSTON, CHAIR**

On April 17, at the opening ceremony of the U.S. Championship and the U.S. Women’s Championship in St. Louis, I inducted two new members into the U.S. Chess Hall of Fame: an outstanding player and a great innovator in American chess.

Alex Onischuk (1975- ) has compiled an impressive record in U.S. Championships and in playing on U.S. teams in international competition. Alex won the U.S. Championship in 2006 and has placed in the top three in that tournament many times, including narrowly missing winning the 2017 U.S. Championship in a playoff. Alex represented the United States in six Olympiads and six World Team Championships. He is the current coach and director of the Texas Tech University chess program as well.

Bill Goichberg (1942- ) is the greatest innovator in American chess. He was the pioneer in holding rated scholastic tournaments and he originated the National High School Championship, National Junior High Championship, National Elementary Championship, and the National K-12 Grade Championships. He also pioneered non-smoking tournaments and began the Grand Prix and Rated Beginner Opens. He originated Continental Tiebreak and has organized the World Open since 1973, one of the world’s largest chess tournaments.

Bill was unable to be in St. Louis, so I will present his plaque to him on Memorial Day before the morning round of the Chicago Open.

At the same ceremony, FIDE Vice President Beatriz Marinello inducted three people into the World Chess Hall of Fame: Aaron
Nimzowitsch, Richard Reti, and Kira Zvorkina. Nimzowitsch and Reti were the two leaders of the Hypermodern movement in the early 19th Century, fine players, and excellent chess authors. Nimzowitsch is famous for writing *My System and Chess Praxis*, while Reti wrote *Modern Ideas in Chess*. Zvorkina won three Soviet Women's Championships and also won the 1959 Women's Candidates Tournament.

Tournament sponsors Jeanne and Rex Sinquefield spoke at the opening ceremony and Hall of Fame Committee members Jennifer Shahade, John Donaldson, John McCrary, and Al Lawrence also attended.

I thank all the other committee members: Vice Chairman John Donaldson, John McCrary, John Hilbert, Joel Benjamin, Andy Soltis, Jennifer Shahade, Al Lawrence, Sophia Rohde, and Frank Camaratta. The U.S. Chess Hall of Fame Committee nominees members for the U.S. Chess Hall of Fame and the final vote is by the trustees of the US Chess Trust. FIDE chooses members of the World Chess Hall of Fame.

This year the World Chess Hall of Fame celebrated its seventh year of operation in St. Louis (2011-2018). In 2017, the museum had 14,582 visitors. Current exhibits include Painted Pieces, The Staunton Standard: Evolution of the Modern Chess Set, and The Sinquefield Effect: The Resurgence of American Chess. Also new is a digital interactive program that allows visitors to explore the legacies of inductees to the World and U.S. Chess Halls of Fame. It includes biographical information about each inductee, as well as notable games and additional images of photos or artifacts of them from the museum collection. I salute General Manager Joy Bray, Chief Curator Shannon Bailey, Associate Curator Emily Allred, and the rest of the fine staff at the museum.

### LMA Trust

**CHUCK UNRUH, CHAIR**

Since our last update for the *Delegates Call*, the trustees moved forward with their traditional role in reimbursing the direct operational expenses of the Life Members. In June 2017, LMA trustee vice-chair Leroy Dubec offered the following action: “I move that the LMA Trust reimburse the direct Life Member operational expenses to US Chess.” Dr. Dubec’s motion was a watershed LMA Trust event in the decade-long US Chess financial recovery. The motion to reimburse was the first in two decades and signifies the continued progress of the LMA Trust investment business model. With all trustees in agreement, the LMA Trust set aside 47 months of payments for the Life Member services provided by US Chess operations as calculated by internal US Chess sources.

Last year, the investment focus was on a strong dollar plan with measured entry into the fixed income and defensive equity sectors. The original, or first, investment plan was named Phoenix. The Trustee successor investment plan became Norfolk with renewed recommendations to react in the ever-changing market place. Madison was the third investment plan with continued focus on defensive dividend equities, fixed income indexes, senior floating rate loans, and preferred stock opportunity Closed-End-Funds. All of the investment plans rely on quarterly cost averaging into the markets. To date, the LMA Trust Portfolio of marketable securities remains 40% plus cash going into a plan likely with the name “Orlando.” There is a pattern in the names and a well thought out investment strategy.

The 2017-18 interest rate headwinds are a mixed blessing. While the defensive dividend equities, fixed income indexes, senior floating rate opportunity to invest at lower price levels and higher yields offset the loss.

### Military

**COLONEL (RETIRED) DAVID A. HATER, CHAIR**

The primary mission of the Military Chess Committee is to ensure that the Armed Forces Open is held every year. Due to budget constraints, the Department of Defense no longer sponsors chess as a stand-alone program and no longer resources the Armed Forces Championship. The Armed Forces Open is the Military Chess Committee’s effort to keep military chess alive and to have a competition to determine an Armed Forces Chess Champion. The Armed Forces Open is open to all military personnel including reserve components (Reserve and National Guard) and retirees. It is normally held on Columbus Day Weekend.

The 2017 Armed Forces Open was held at the United States Military Academy at West Point, New York. It drew 44 players from across all services. This year’s event was quite strong as 11 of the 44 participants were rated over 2000. The individual co-champions were USAF Master Sergeant (retired) Leroy Hill and Navy Lt. Chase Walters. NTD Rudy Abate served as chief TD. He was assisted by NTD Mike Hoffpauir, US Chess President and Colonel (retired).

In 2018, the United States will host the NATO Chess Championship for the first time in the nearly 30-year history of the event. The 29th NATO Chess Championship will be held from June 4-8, 2018 at Texas Tech University in Lubbock, Texas. Generous support for the event was received from the Texas Tech University Chess program and its Head Coach GM Alex Onischuk. This report was submitted prior to the event and a more complete report on the event will appear in next year’s committee report.
Outreach

MYRON LIEBERMAN, CHAIR

Thanks to all who helped on the Outreach Committee this year, including Rachel Lieberman’s work on the CAPA project, Dr. Fun Fong’s Georgia Outreach Committee, Fernando Moreno (see below), Eric Vigil, our new members (see below) and everyone else who helped. Special thanks to Director of Publications Dan Lucas and his department for providing us with extra copies of appropriate Chess Life magazines suitable for outreach efforts. It looks very much like the May 2018 issue of Chess Life is a new example of an issue useful for outreach. It contains such articles as “Chess for a Cause” (which describes teens in Georgia working with seniors to improve their lives with chess), Al Lawrence’s “Faces Across the Board” column (about Alina Tulman and the International Chess Academy), and Monique Harrison-Henderson’s “Chess Takes Flight in Wingfield” (which describes a school chess program in a poverty-stricken Mississippi town). It is important to note that at this time when there are rapidly developing news items, an executive board election, a major feature for the U.S. Amateur Teams, the U.S. Championship, the World Championship, and many important columns and features, nothing was bypassed or minimized. Furthermore, The Chess Journalists of America (CJA) call for nominations was published as well. Thanks to Publications for a job well done.

Extra magazines

Please note that extra copies of Chess Life or Chess Life Kids are always valuable. Anyone who no longer needs chess magazines they have received should consider donating them to a school, library, prison, senior center, community center, hospital, or other health or social agency where they could not only be wanted but also actually needed. The magazines can also provide an opportunity for a chess player who is looking for informal chess opponents to volunteer some time to play against opponents who would really appreciate the games. Please note that hard copy magazines, regardless of date, can be used in this manner or left in waiting rooms at doctor’s offices, airports, or otherwise physically shared. That cannot really be done with the same magazines online.

Resources

Google News provides the ability to subscribe to a free daily alert about what’s going on in chess. It contains chess-related items from countless local, national and international sources. It is hard to find a day when several articles appropriate to outreach can’t be found. Mozilla’s Pocket, now part of Firefox, uses Artificial Intelligence (AI) to find what it considers to be the most interesting articles on any subject. It is also free. Youth Today remains a good source for ideas as well as contacts. FIDE’s Chess – A Tool For Education and Health is another valuable resource. It can be downloaded in English, French or Spanish from cis.fide.com.

Welcome

Welcome to Janelle Losoff and Sean Manross, who have joined the Outreach Committee to work on accessibility issues. Welcome also to our newest member, Abel Talamantez, Director of Enrichment for Bay Area Chess. He is focused on providing opportunities for students in underrepresented communities, particularly Latino communities.

Media

Chess is continuing to be well covered in the media. There has been a remarkable appearance of chess articles, features, and ads this year. Examples include:

Jeff Bulington and the Franklin County Chess Project in Mississippi were featured on 60 Minutes (see the June 2017 issue of Chess Life).

The Washington Times’ coverage of the U.S. Open on 08/09/17 featured not only the Open and winner Aleks Lenderman but also several challengers. The Denker tournament and winner Praveen Balakrishnan were also featured.

David Hill’s article, “Prodigal Sons,” published in the 12/20/17 issue of The Ringer (a sports publication), focused on the emotional aspects of being a chess prodigy through the match between Anatoly Karpov and three-year-old Mikhail Osipov, who turned down a Karpov draw offer but ultimately lost.

The University of Maryland at Baltimore County (UMBC) was the first college basketball team in NCAA history to be seeded last (#16) and defeat their top seeded (#1) opponent. Needless to say, the media (and not just sports) covered this unexpected result heavily with lots of interviews, etc. Many sources noted that prior to this, the only competition UMBC was known for was chess. Coincidentally, the UMBC chess team has competed in the “Final Four of College Chess” and the basketball team wound up playing in NCAA’s “Final Four” in basketball. A number of players on UMBC’s basketball team credited chess as a reason they became so good. One said, “Chess taught us to win.” Many interviewees credited and thanked Allen Sherman (UMBC’s chess coach) as much or more than their basketball coach. Congratulations, UMBC.

Conferences and Conventions

Fernando Moreno ran a workshop entitled, “Using Chess as a Metaphor for Life and Therapy,” for continuing education units at UMBC (see above) on April 20, 2018. He also presented the paper, “Using Chess as a Metaphor for Life in School Counseling,” at the International Conference on Thinking (ICOT) in Miami on May 19, 2018. Moreno, along with Dr. Alexey Root of University of Texas-Dallas and many other Chess in Education leaders, is included in FIDE’s publication Chess—A Tool For Education and Health, which is an excellent resource for youth chess organizers. Moreno also is featured in, “Chess and Social Emotional Learning at JoAnn Leleck at Broad Acres Elementary School,” which can be found on YouTube at this link: https://www.youtube.com/watch?v=JTW7StrGu@feature = youtu.be.

Thanks to Fernando Moreno for his work. We now need to consider moving the Outreach Committee to the next level. Moreno had requested some financial help from US Chess to offset part of the expense for this event, but it has apparently not been budgeted. One of the most effective outreach opportunities available is having a presence at conventions and conferences; however, this requires planning and some events may require partial funding.

New Charter

While the Outreach Committee has been an all-volunteer effort, the time now seems right to budget some funds for major objectives. All executive board-appointed committees have been asked to prepare a charter for the executive board (EB) to review at their May 2018 meeting. The idea is to create a guidebook or reference that will help potential new committee members, executive board members and office liaisons become oriented to the committee’s activities, objectives, and requirements. Part of the charter that we prepared focuses on how to make the benefits of the successful Chess-a-thons of the 90s available to as many local organizers as possible by using similar ideas on a local level. Another is a proposed budget, which will be discussed at the 2018 Outreach Committee workshop, where a workshop vote will be taken on the budget.
From time to time, the US Chess office receives petitions to retroactively introduce systematic changes, and we describe below the results of this year’s investigation. One involved a long-standing issue of how to award titles to players with established ratings. who have been active over the current and previous three years and who are aged 35–45 years old in the current year. Based on our analyses of rating changes, recent increases in average ratings have leveled off to a large extent now that the bonus point threshold was increased last year from B=12 to B=14. The RC recommends no change to the bonus point threshold this year, leaving it at B=14. The committee will continue to monitor changes in the rating pool, recommending adjustments as necessary to keep inflation or deflation in check.

At the Ratings workshop at the 2016 U.S. Open, participants at the meeting proposed the idea that ratings should be accompanied by a simple measure of ratings uncertainty. One such measure could be a margin of error, which is commonly used in statistical contexts. Such a measure would highlight whether a player’s rating was a reliable indicator of his/her playing strength and could assist players and tournament directors in refining information available about player strength. A proposal was made to the executive board (EB) stemming from the Ratings workshop which was subsequently tabled by the EB. In January 2017, the RC chair raised the issue again with the rating committee’s EB liaison. Mike Hoffpaufir proposed a motion to the EB, but the motion was denied. Several tournament directors and other stakeholders recently expressed interest in revisiting the possibility of computing and communicating rating uncertainty. The EB liaison will be discussing this possibility once again with the rest of the executive board to see if this issue can be referred back to the RC for further study.

Each year the RC performs a set of diagnostic analyses to monitor trends in the rating pool. Overall rating levels deflated from the mid-1990s through 2000, when rating floors were decreased by 100 points without a counteracting inflationary mechanism. With the new rating system implemented in 2001, ratings started to re-inflate. The RC’s goal has been to re-inflate and then maintain rating levels roughly where they were at the end of 1997. Our analyses have focused on players with established ratings, who have been active over the current and previous three years and who are aged 35–45 years old in the current year. Based on our analyses of rating changes, recent increases in average ratings have leveled off to a large extent now that the bonus point threshold was increased last year from B=12 to B=14. The RC recommends no change to the bonus point threshold this year, leaving it at B=14. The committee will continue to monitor changes in the rating pool, recommending adjustments as necessary to keep inflation or deflation in check.
corners. However, there was some discussion about limiting or creating standards for such boards. No consensus was reached.

The committee proposes the following ADM 18-XX.

Replace rule 35F10e with the following wording:

e. to claim a win on time for the blind or disabled player or inform the blind or disabled player when the opponent has touched a piece without moving it.

And add rule 35F10g as follows:

   g. to pause the clock and summon a tournament director at the request of the blind or disabled player.

Rationale: this allows the visually impaired player to make touch move claims without giving an advantage over the sighted player. This makes our rule similar to the FIDE rule but allows for the fact that under US Chess rules only the player (not the arbiter) may initiate most claims.

The executive board passed a motion requiring the Rules Committee to consult with a designated member of the Scholastic Council on any appeal that involves a minor. This policy has been implemented.

A question was raised as to whether a person on the computer staff could also serve as a one-man appeals committee, acting in effect as a special referee. The person who asked is not on the special referees list. The consensus was that this was not a good idea but might be legal if announced in advance. The rules specify that a tournament may use an appeals committee (at least three members) or a special referee but not both.

Scholastic Council

SUNIL WEERAMANTRY AND RUSTY HARWOOD, CO-CHAIRS

The Scholastic Council is a seven-member body that is elected by the 34 members of the Scholastic Committee at large to serve as an advisory group to the executive board on all matters relating to scholastic issues.

One of the primary responsibilities of the council and committee is to review and revise the Scholastic Regulations on an ongoing basis. This year, several changes were recommended by the council and adopted by the executive board. The definition of a school was revised to permit an institution to have multiple buildings or campuses without the previous requirement that they be connected or adjacent, as long as all locations are administered by one Head of School. The definition of a “home school” was expanded to include home school cooperatives. The term “core subjects” was refined to accommodate parochial or special interest schools that may use different curriculums.

The language that a tournament director (TD) should use when asked to verify a checkmate was refined and standardized to reflect that a national chess event for young players also serves as an educational experience. Issuing identification wristbands to young players was discussed with a view to improving player safety. Background checks were required of all paid staff at national scholastic events.

The council revised the rating criteria for qualification to the All-America Team, establishing a clear progression in rating from age 8 to 18. Annual increases are now set at 100- point intervals in the younger age brackets with gradually increasing increases up to 25-point intervals in the oldest age brackets. A cap of 2500 was established for players 18 years of age.

The timeline for applications for the Scholar-Chessplayer Award was revised in light of the confusion encountered this year. Changes are being implemented to ensure next year’s process will run smoothly. This year’s recipients were announced at the High School Nationals in Columbus.

The committee is working on several projects; among them is the use of adjusted ratings. Now that we have successfully implemented the placement of players in the proper sections, we are working on using adjusted ratings for all players to ensure fairness in pairings and prize eligibility.

Senior

DAVID GRIMAUD, CHAIR

The main news in the 2017-18 chess year was the implementation of the 2018 National Senior Tournament of Champions. This is the fourth prestige side tournament of the U.S. Open’s National Tournament of Champion series. It is modeled after, and sits alongside, the Denker Tournament of High School Champions, the Barber Tournament of K-8 Champions, and the National Girls Tournament of Champions.

The idea was originally presented at the 2016 delegates meeting, where it received support from both the executive board and the delegates. The executive board backed it with a generous budget in time for implementation at this 2018 U.S. Open.

The committee would like to express its thanks to all that supported and campaigned for this, but particularly to Chuck Unruh (the committee liaison), Dewain Barber (as a key advisor), and Jon “Boca Chess” Haskel (as a key administrator and communicator).

Finally, the committee would like to recognize GM Alex Yermolinsky for winning the 2017 U.S. Senior Open held at St. Olaf College in Northfield, Minnesota. The 2018 U.S. Senior Open will be held June 21 - 24 in New Orleans, Louisiana.

States

GUY HOFFMAN, CHAIR

The States Committee had a busy year, with two state chapters suddenly unsure who their president was. In both cases, attempts were made to remove the sitting president.

The first case involved Connecticut, with new material coming in weekly. The matter that most concerned us was that the “election” of board members was held in closed session, in direct conflict with their own bylaws. Members of our committee researched the relevant state statutes, including the one cited for rationale for removal, and concluded that statute failed to give them the authority to remove the president. But before our opinion was sent to the executive board, that group filed a lawsuit to remove the president, among other actions. The lawsuit has since been withdrawn, so now we feel the matter can be resolved.

The second case concerned Illinois, where the board with ten directors had been allowed to decrease to four, with one of them absent for the annual “meeting.” Five members were present at the meeting. Of these, only three were allowed to vote. One motion passed 1-0, with two abstentions. Fortunately, this matter settled itself, with the president resigning.

One motion was referred to our committee from the 2017 meeting: NDM 17-06 from David Day (UT). While our committee was in favor (in principle) of state chapters filing their bylaws with US Chess (as required by DACI #8), we did not like the requirement of “incorporation,” as no rationale was presented. As one committee member asked: Why make it more difficult to organize a state affiliate? No
committee members were in favor of this, and seven expressed their displeasure.

The chair became aware of a brief dispute in Mississippi, where the state chapter and the scholastic community differed in the awarding of titles. The complaint was dropped after TLAs were rejected.

I would like to thank my committee members: Sreenivas Alampalli (NY), Larry Cohen (IL), Ed Conway (MN), Jim Gray (OK), David Grimaud (SC), Richard Koepecke (NCA), Robert Messenger (NH), Phil Simpkins (DE), and Robert Tanner (AZ).

TDCC

ALEX RELYEAE AND JEFF WEIWEL, CO-CHAIRS

This past year the Tournament Director Certification Committee (TDCC) considered six appeals and a waiver request, issuing three suspensions and not granting the waiver request. For the first time in a while, every appeal the TDCC took on and ruled on was deemed non-frivolous. Multiple other appeals were re-directed to more appropriate committees. Judy Misner from the US Chess staff handled the appeals communications.

The TDCC was again given the task to nominate individuals for the Tournament Director of The Year and Lifetime Tournament Director Achievement awards.

The chair coordinated with the US Chess office testing liaison, Grant Oen, and then Boyd Reed, and with the executive board liaisons Mike Hoffpaur and Allen Priest. Having two EB liaisons worked well. Two new and one returning member joined the TDCC this year.

There were 1063 e-mails sent to the group mailbox (752 last year).

Thanks to the TDCC members for their service: Rudy Abate, NTD, IA; Mike Atkins, NTD, IA; Ken Ballou, NTD, IA; Franc Guadalupe, NTD, IA; Charles Hatherill, SrTD; Guy Hoffman, ANTD; Carol Jarecki, NTD, IA; Tim Just, NTD, NA; Tom Langland, NTD, IA; John McCumiskey, NTD, FA; Brennan Price, ANTD, FA; Thad Rogers, NTD, IA; Alex Relyea, ANTD, IA (chair); Ernie Schlich, NTD, NA; Maret Thorpe, NTD, NA; Jeff Wiewel, NTD, NA (vice chair); Brian Yang, NTD, IA

U.S. Open

HAL TERRIE, CHAIR

At the 2017 U.S. Open, attendance certificates were awarded to thirteen players, including two for 20 years of attendance and one for 35 years.

Following the experiment with an increment time control at the 2016 U.S. Open, a question about the time control was asked in an online survey. The result was inconclusive because the number of responses was too small. I therefore decided to conduct a “show of hands” survey before round seven of the 2017 event. I asked the players which they preferred: 1) the 2017 control of 40/120, SD/60 d5, or 2) a control with a 30-second increment. At least 300 players were in the room when I posed the question. The result was at least 55% - 45% in favor of an increment control and might have been as much as 60% - 40%. This seems like a pretty significant result, given the natural tendency of players to prefer the control they are actually using at an event they are attending.

In October 2017, I discussed this result with the US Chess Director of Events but we were unable to agree on a specific increment control, so the traditional 40/120, SD/60 d5 was put in place for the 2018 event. Our disagreement was on the base time in the second control. The Director of Events preferred 30 minutes’ base time in the second control if a 30-second increment was used but I opposed that, preferring 50 or 60. I'm sure there will be further discussions about the matter this summer.

The US Chess office has announced locations for the 2019, 2020 and 2021 U.S. Opens. The 2019 event will be in Orlando, FL; 2020 in St. Louis, MO; and 2021 in Cherry Hill, NJ.

Women’s Chess

MAUREEN GRIMAUD, CHAIR

We wish to greatly thank our executive board, committee, liaisons, state associations, and the many volunteers who have helped increase the number of females in chess around the country. We look forward to keeping the momentum growing into the years to come and to improving and expanding positive, creative changes to our society through the game of chess.

The 2017-18 Women’s Chess Committee members are Maureen Grimaud (chair); Sophia Rohde (treasurer); Heather Flewwelling (secretary); Ruth Haring (advisor); Leila D’Aquin and Kimberly Doo (events directors); Harold Winston; Phil Chase; Elizabeth Shaughnessy; Adia Onyango; Claudia Munoz; Rusty Harwood; Anjelina Belakovskaia and Chuck Unruh (EB liaisons); and Carol Meyer and Jennifer Shahade (US Chess liaisons).

Additional thanks to Carol Meyer, current US Chess Executive Director; Jean Hoffman, former US Chess Executive Director; Boyd Reed, Director of Events; Franc Guadalupe, former Director of Events; Dan Lucas, Director of Publications; and the US Chess team for working to open doors and create a supportive environment to help women’s and girls’ chess grow and thrive.

2017-18 HIGHLIGHTS AND ACCOMPLISHMENTS

FUNDING

- Beatriz Marinello presented a $2,000 award to the committee from the FIDE Social Action Commission. The purpose of the award is to create a program that monitors the progress of 100 girls around the country, ages 7-18, over 10 months. Additionally, the committee will be receiving 50 chess sets to support the program.
- $5,000 was donated to the US Chess Trust for women’s and girls’ activities. Monies have been used to help create the newly-formed Regional All Women & Girls tournaments nationwide. To date, those tournaments include the Mid Atlantic All Girls Regional Chess Tournament, Southeast All-Girls Championship, Midwest Regional All Girls Chess Tournament, Women’s Western States Regional Championship, and Girls K-12 Western States Regional Championship. We are looking at the formation of potentially three additional Regional All Women & Girls tournaments before the end of the year.
- Richard and Barbara Schiffrin generously donated a $5,000 scholarship prize to the National Girls Tournament of Champions (NGTOC). This is the third year the Schiffrin family has provided the NGTOC Scholarship first prize. Other sponsors include US Chess, US Chess Trust, American Chess Equipment, ICC, Trophies Plus, ChessLecture.com, and the National Scholastic Chess Foundation. Family Sponsors include the Ursula Foster family and the Schiffrin family. Thank you to all who have so generously donated their resources, time, and money to this event.
APPEARANCES
The Women’s Committee table and Town Hall meeting were first introduced at the 2015 National K-12 Championship in Orlando and have continued ever since. The Girls Club was added in 2016. The response has been overwhelmingly positive and many have asked to make the Girls Club a permanent fixture at national events. Participants love the uniqueness of being able to bond with other girls, plus they enjoy the activities, prizes, and the sense of belonging that is often missing at local tournaments, where they might be the only female players.

In 2017-18, the Women’s Committee was present at the following US Chess events, where they hosted a Girls Club room, a Women’s Committee table, and a Town Hall meeting for coaches, parents, players, and supporters:

- 2017 National K-12 Championship, Orlando, FL
- 2018 National Junior High Championship, Atlanta, GA
- 2018 National High School Championship, Columbus, OH
- 2018 National Elementary Championship, Nashville, TN

At each event, the committee passed out an All Women’s & Girl’s Calendar of Events along with flyers detailing women’s and girls’ events around the country. The committee also distributed parent and player surveys, stickers, pencils, prizes from the bookstore, chess puzzles, and snacks and treats. Some of the Girls Club rooms included a nail salon, face painting, jewelry making, a photo booth, and hand stamps.

Highlights from the 2017 National K-12 Championship included:

- Increased volunteer base with the help of the Queen’s Cup Jacksonville Chess Club. Many thanks to Kevin Pryor and his team!
- One of the largest Girls Clubs, with approximately 300-400 participants
- Largest and most successfully attended Town Hall meeting, with 89 participants.

In 2017-18, the number of parents, players, coaches, and supporters visiting the Girls Club ranged from 100-400, averaging roughly 200-300 visitors over the weekends. The number of surveys received ranged from 10 to more than 300 at each event. The Town Hall meetings ranged from eight to 89. The committee also hosted a Skype session with Texas Tech University player WCM Claudia Munoz at this year’s National High School Championship. Additionally, at the National Junior High Championship, 31 parents expressed interest in having their daughters (age range 10-13) tracked and monitored to see if they continue to play chess though high school and college.

The Women’s Committee also had tables at the following events:

- 2017 New York State Championship
- 2018 All Girls National Championship, Chicago, IL, with a record-breaking 487 participants.
- 2018 New York State Girls Championship, with over 250 players
- 2018 Greater New York Scholastic Chess Championships
- 2018 Southeast All Girls Championship, Charlotte, NC, with 61 girls in attendance.

OTHER HIGHLIGHTS
- Maggie Feng of Dublin, OH, received a 2018 Scholar-Chessplayer award for excellence in academics, chess, and leadership.
- IM Nazi Paikidze, the 2018 U.S. Women’s champion, visited the Girls Club at the National Elementary Championship in Nashville. Along with WIM Carolina Blanco, she held a simul and helped with game analysis, puzzles, and tactics training. GMs Irina Krush and Robert Hess also made appearances at the National Elementary’s Girls Club.

OTHER ACCOMPLISHMENTS

- The Women’s Committee set up a Women & Girls Facebook page
- Adia Onyango implemented a Women’s Chess Brunch and Women & Girls Internet Chess Study group
- First All Women’s Chess Team joined the Commercial Chess League of New York

- Thanks to a $5,000 donation from Richard Schriffin, created a video during the All Girls National Championship with the purpose of inspiring and uplifting young players while also addressing the lack of girls in chess. Produced by Jennifer Schweitzer, the video will be used on the US Chess, Kasparov Chess Foundation, and Renaissance Knights Foundation websites as well as on social media. It will target girls, parents, and schools to inspire and empower more girls to get involved in chess.

We are looking at the formation of potentially three additional Regional All Women & Girls tournaments before the end of the year.
All regions have been determined by the organizers. Any regional overlap has been welcomed to encourage more female participants.

- Grow female membership in US Chess and State Association to 50%

- Train more teachers in chess so there is always backup if someone leaves, ensuring that chess programs don’t shut down
- Obtain more local scholarship money
- Increase after school programs for girls and get chess into more all girls’ schools
- Create more female team and female partnership tournaments as well as mixed doubles
- Create more zoom chat rooms to talk about chess with women and girls in rural areas of the country
- Create more activities for females across regions that can be connected through the internet
- Create mentoring opportunities based on ratings or between experienced and inexperienced players
- Create more regional All Women and Girls tournaments
- Create donation brochure with women and girls on the front cover
- Provide more training for men and women in various workshops that will enhance and grow female chess
- Work with state associations to encourage more first-time female events
- Encourage more family chess events that include mothers and daughters and families playing families
- Work with female business and trade associations and female educators to introduce chess and recruit volunteers
- Analyze the three years of surveys obtained from parents and players in the Girls Club by the 2018 delegates meeting
- Complete the program from the FIDE Social Action Commission and work with Beatriz Marinello on how to accomplish the task.

**LISTED ON THE WEBSITE**

- How to help the State Affiliates / Female Coordinators increase more females in chess.
- Current Liaison(s) to Women’s Committee for state female events

We will be adding more information to the website as the Women’s Committee formulates its highest and best use with the approval of US Chess.

**2017-18 REQUESTS AND RECOMMENDATIONS**

1) College Committee Changing Eligibility Rules for Titled Female Players. Request no change as the Women’s Committee is still assessing its effects.

2) Request to work with the Education Committee on the Women’s Committee surveys, which have been passed out at US Chess national tournaments as well as other tournaments around the country since the December 2015 National K-12s in Orlando, FL. These handwritten, subjective surveys have been given to female players, their parents, coaches, and supporters.

The Women’s Committee has discussed analyzing the surveys with Renate Otterbach, chair of Chess in Education Committee. Renate, who is a professional researcher, has expressed interest and is now ready to compile the data for research, educational purposes, and possible funding for women and girls for chess in general.

The committee therefore requests that the surveys be analyzed and researched by the Education Committee for the purpose of helping to develop major funding sources for both male and female players. The data also would be used to help better educate US Chess and others about the needs of female chess players, their parents and coaches, and how US Chess can help this sector grow in numbers and better service them.

3) Recommend instituting a discount or rebate program for those organizers who incorporate Women/Girls prizes, Mixed Doubles and/or All Female events at current U.S., state, and local tournaments. Program to be determined by the Women’s Committee.

4) Request and recommend a Women’s and Girls’ section on the US Chess website similar to the Scholastics and College sections. Purpose: To have better visibility and access to Women’s and Girls’ activities and information in order to continue growing the number of US Chess female members.

5) NGTOC recommendations:

   a) Move the cutoff date for formal approval from the EB to the Women’s Committee from July 5th to June 20th. This may not need a recommendation since this is organized by the Denker/Barber and Women’s Committees. Reason: The cutoff date is too close to the tournament dates; nominees don’t have time to coordinate travel schedules.

   b) No person may have a phone on themselves from the start of rounds to the end of rounds at the NGTOC. Reason: This would align with the rules change in the Denker/Barber tournaments, which are being held at the same time.

   c) Lower the age for the Ursula Foster award from 13 to 12. The committee will seek approval from the Foster family first. Reason: Since players are getting younger, the top winner is receiving too many prizes. Barber and Denker will do the same with their tournaments.

6) Recommend a motion to authorize an additional $5,000 for outreach expenditures to the Women’s Committee beginning immediately after reaching the first $5,000 already authorized last year.

Purpose: The Women’s Committee wishes to increase its budget to expand outside national tournaments and provide funding to those who may need it. There are three newly-formed regional all female tournaments as well as other female events that are in process. We are encouraging more new tournaments and events to be added to the calendar before the U.S. Open in July 2018.

- Mid Atlantic All Girls Regional was in October 2017 and included NJ, PA, VA, DC, MD.
- Southeast All-Girls Championship was in March 2018 and included TN, NC, SC, VA, GA, FL, AL.
- Women’s and Girls K-12 Western States Regional was in May 2018 and included HI, AK, NoCal, SoCal, NV, WA, OR, ID, UT, AZ.
All three tournaments needed sponsors. The committee is working to get a Southern Regional started which also will need sponsors, as well as other regions in the future that no doubt will need funding.

One noticeable difference with all female events is the added social aspect, which is critically needed to entice and draw more female players and parents, and which adds costs to the organizers. Such examples might be photo booths, teaching chess to new female participants, nail salons, creating chess puzzles, and face painting in addition to the regular traditional side events such as bughouse and blitz. Women’s events might include brunch along with other social events as part of the tournament experience. The committee is also looking at bringing in top female players to draw more attendance.

There may be other non-traditional outside activities for females that the committee will contemplate and for which we foresee needing funds. These added activities may help encourage new and returning players to develop strong friendships. Player retention, personal growth through chess, and forming lasting bonds with fellow female chess players, parents, coaches, and supporters are additional benefits.

7) Recommend waiving or reducing the fee for All Girls/ Women’s tournaments on the US Chess website and in Chess Life. Purpose: To achieve greater marketing, develop a potentially 50% market share, and increase US Chess and state association memberships.

RECOMMENDATIONS TO THE EXECUTIVE BOARD

The Women’s Committee submitted the following board recommendations:

1) Expense reimbursement

The committee recommends that all legitimate expenses approved by US Chess for the Women’s Chess fund should be reimbursed within 30 days of receiving proof of expenses. The committee is concerned about receiving reimbursements on a timely manner and would like to set up protocol and procedures as we do not want to lose volunteers due to delay in payments.

2) Current Women’s Chess Fund budget to include additional expenses related to direct event activities, which would be in addition to travel, meals and hotel.

Additional expenses at events could include the following:

- Signing females up for US Chess memberships
- Receiving donations for US Chess and Women’s and Girls’ activities
- Holding Town Hall meetings and training classes for females
- Passing out surveys to players, parents, coaches, and supporters to collect data for research purposes
- Obtaining contact information for future volunteers, donations, and retention.
- Passing out Schedule of Events for Women and Girls to encourage more participation at regional, state, and local levels.
- Passing out instructional and helpful tips to get more females to play in local clubs and local events.
- Setting up Girls Club for various female activities such as free game analysis, simuls, puzzles, snacks, and to meet and greet one another.

- Setting up free beginner chess classes for any and all players, male and female, young and old. This could encourage and provide a platform of potential new US Chess members and future donors.

AN JELINA’S RESPONSE:

Based on the original motion, those extra expenses are already allowed for us as long as they are within the total amount approved for spending.

3) Updated Collegiate Pan-Am Rules

Although EB liaison Anjelina Belakovskaia has voted no on this ruling, the Women’s Committee recommends extending discussions on this matter for thorough vetting, if possible.

CHANGE #6

Rule 1

For college and university teams, FIDE International Masters and FIDE Grandmasters (delete – Woman International Masters and Woman Grandmasters) are eligible to participate if they satisfy at least one of the following stipulations: #1 or all three conditions listed in #2.

RATIONALE: This wording should be removed because it is discriminatory against women players. Since WGM and WIM ratings can be lower than GM and IM ratings, male players are currently excused from meeting qualifications that are applied to women players. FYI, a number of women were in attendance at the meeting, including the co-chair of US Chess’ women’s chess, and there was a thorough discussion of the rationale and effect of the change. The recommendation for change was unanimous.

CHANGE #7

1) Are less than 26 years old as undergraduate students, or under 30 years old as graduate students, as of September 1 of the academic year in which the tournament takes place.

2) Satisfy all of the following three conditions:

a) Are full-time, degree-seeking students (e.g., at least 12 semester credit hours for undergraduate students and 9 semester credit hours for graduate students)

b) Have a grade-point average of at least B (e.g., at least 3.0 on a 4-point scale).

c) Have satisfied conditions “b” and “c” above for at least one full semester at their team’s college or university prior to the event. (Thus, note that this is an exception to Rule 4, below.)

4) Anti-Harassment sub-committee

Women’s Committee members Heather Flewelling and Jennifer Shahade discussed Anti-Harassment suggestions for the board and for Carol Meyer’s review. This is just a starting point as there is much more to discuss. Carol Meyer suggested that Women’s Anti-Harassment be part of a larger policy that affects other groups and segments such as disabled, males, age, transgender, etc. She plans to work on addressing these issues.

The Women’s Committee recommends creating an Anti-Harassment sub-committee comprised of committee representatives for each area of interest. The committee further recommends electing Heather Flewelling and Jennifer Shahade to represent women’s and girls’ issues. Recommend the sub-committee be chaired and directed by Carol Meyer.

2017 DELEGATES MOTIONS COMPLIANCE REPORT

In order to maintain accountability and transparency to its members, US Chess adopted DM 01-77 in 2001. The motion requires that a report on compliance or noncompliance with the previous year’s Delegate Motions be included in the Delegates Call. Due to length, the comprehensive report has been posted on uschess.org at this link: http://www.uschess.org/docs/gov/reports/2017_Delegate_Motions_Compliance_Report.pdf.
